FRESH TASTY

WELCOME LETTER

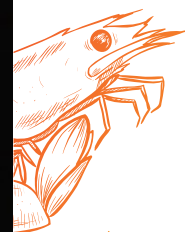

Founded in 2017 with a dedication to Vietnamese seafood, Thai Minh Long Seafood Company hopes to bring the freshest and highest quality products to customers, gradually affirming its brand and bringing Vietnam's seafood brand out to the world.

Thai Minh Long Seafood Co., Ltd is proud of owning a new factory located in the largest raw material area in the Mekong Delta. Especially with the famous area of organic shrimp in Vietnam, the company is always proactive in sourcing raw materials with stable output and quality. We hope to serve both local people and international friends with the quintessential flavors from natural ecological farming areas where we have been running modern farming processes to ensure safety for users.

In addition, a team of professional and enthusiastic staff, as well as modern equipments are the foundation for the company to produce clean, high quality, nutritious products that best meet the customers' needs. At the same time, the company has been always boldly renovating management processes, increasing investment in production and business activities associated with social welfare policies. We have been constantly improving production conditions, labor safety and environmental protection, along with building and applying international standard and food safety management systems. Currently the company has been certified with standards such as: HACCP, ISO 22000, HALAL, BRC, MSC, ASC, amfori BSCI.

To extend that journey, Thai Minh Long seafood hopes to continue to welcome the cooperation and support of our partners and customers to jointly build Vietnamese seafood for sustainable development.

Director.

BUSINESS PHILOSOPHY

OUR VISION

Thai Minh Long aims to become one of the regional and international prestigious seafood exporters. We have been constantly improving the value chain of shrimp production from farming to dining table with clean high quality products as well as the best nutrition, meeting the increasing demand of consumers.

MAJOR PRODUCTS

OUR MISSION

- Contribute to building a sustainable future for Vietnam's fisheries; create more jobs for locals with the best working environment, living conditions and social security policies.
- Not only produce products that best meet the needs of consumers, but also ensure the harmony of interests among farmers, fishermen, us and customers; constantly uplift the value of high quality products of Vietnam in the international market.

CORE VALUES

• Natural, Original

The beautiful nature and rich products of the homeland are our great inspiration. Therefore, we are committed to preserving the authentic taste of shrimp and fish products with rigorous selection from quality raw materials.

• Sincere, Prestigious

Thai Minh Long seafood carries the spirit and heart of the ingenious, creative and hardworking farmers. We always respect the trust of partners and customers as our conscience and honor.

• Sustainable Development

Our production system operates on the principle of respecting nature, protecting the natural environment, ensuring a sustainable future for both business operations and the local ecosystem.
