Products of NINA Trading & Service

Bamboo shoots also known as bamboo sprouts are a culinary must-have in various dishes and soups, in Southeast Asian cuisine and in few parts of India.

Available in fresh, fermented and canned forms, bamboo shoots have become quite popular in recent years, owing to its highly impressive nutritional profile. These shoots with a crisp texture, are collected from the soil from various bamboo species.

Products of NINA Trading & Service

To prepare fresh bamboo shoots, trim the fibrous outer layers and excess leaves, but reserve the tender leaves, as they are edible. Cook the shoots uncovered in boiling, salted water for about 20 minutes, and then slice them and add them to the dish of your choice.
