

COMPANY PROFILE

Binh Thuan Holdings

About us

Over the process of building and development, Binh Thuan Holding Group (BTH) is now one of the leading groups operating in the field of plastic production for industries such as animal husbandry, cultivation, industry and auxiliary industries in Vietnam.

With many member companies in the plastic ecosystem, we have affirmed our brand, reputation and position to bring our products to the domestic and foreign markets.

BTH has been transforming into new fields with investment projects focusing on key fields of manufacturing and assembling high-tech plastics, biodegradable materials, renewable materials, molds and industrial real estate.

Through continual research, creation and innovation, we strongly desire to bring the best values to our customers and employees.

Our Vision: To become a high-tech plastic corporation with the leading self-contained model in Southeast Asia.

Our Mission: For a better life of Vietnamese people, promoting and supporting Vietnamese enterprises to develop and making a mark on the international arena.

Core Values

MIND: BTH puts the word MIND as its base. Always respects and complies with the law, maintains morality. Quality is set to be center of the company actions.

ORBIT: BTH aims to build itself to become the enterprise with great influence in the country and the region.

WISDOM: BTH sees fixable creativity as a lever for its development. Promotes the spirit of initiative learning and searching of officials and employees

SPEED: BTH sets its principles: Think right, act fast. Practice motto of action "fast decision - fast deployment - fast sales - fast adaptation"

Nguyen Trong Thang

Founder & President

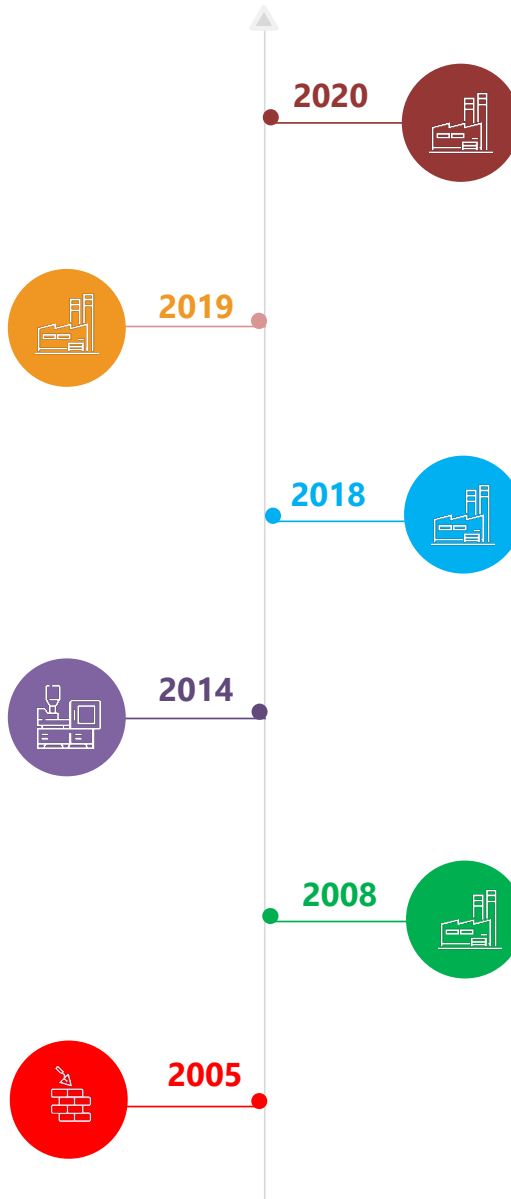

Our development

Established Vietnam Plastic Mold Joint Stock Company (VPM) with a charter capital of VND 50 billion.

Expanded the second factory, mainly serving the mold creating, manufacturing and processing industrial plastics.

Formed the first plastic factory in Binh Thuan, laying the foundation for the first factory of Binh Thuan Holdings.

Established Binh Thuan Plastic Co., Ltd. (BTP) with the charter capital of 65.8 billion dong

Turned Binh Thuan Plastic Mechanical Joint Stock Company into Binh Thuan Holdings (BTH), which manages BTP, BTD and VPM member companies and increases its charter capital to VND 300 billion.

Merged Dong Hai Plastic Co., Ltd, specializing in producing plastic materials to supply to the whole system and partners.

Established Binh Thuan Development Co., Ltd. (BTD) with the charter capital of VND 69 billion.

Established Binh Thuan Plastic Mechanical Joint Stock Company (BTP) with a charter capital of VND 65.8 billion.

Our fields of business

Producing plastic materials

Bioplastics

Recycled Plastics

Manufacturing tools & plastic molds

Compression molds

Blow molds

Producing plastic products

Plastic compressing

Plastic blowing

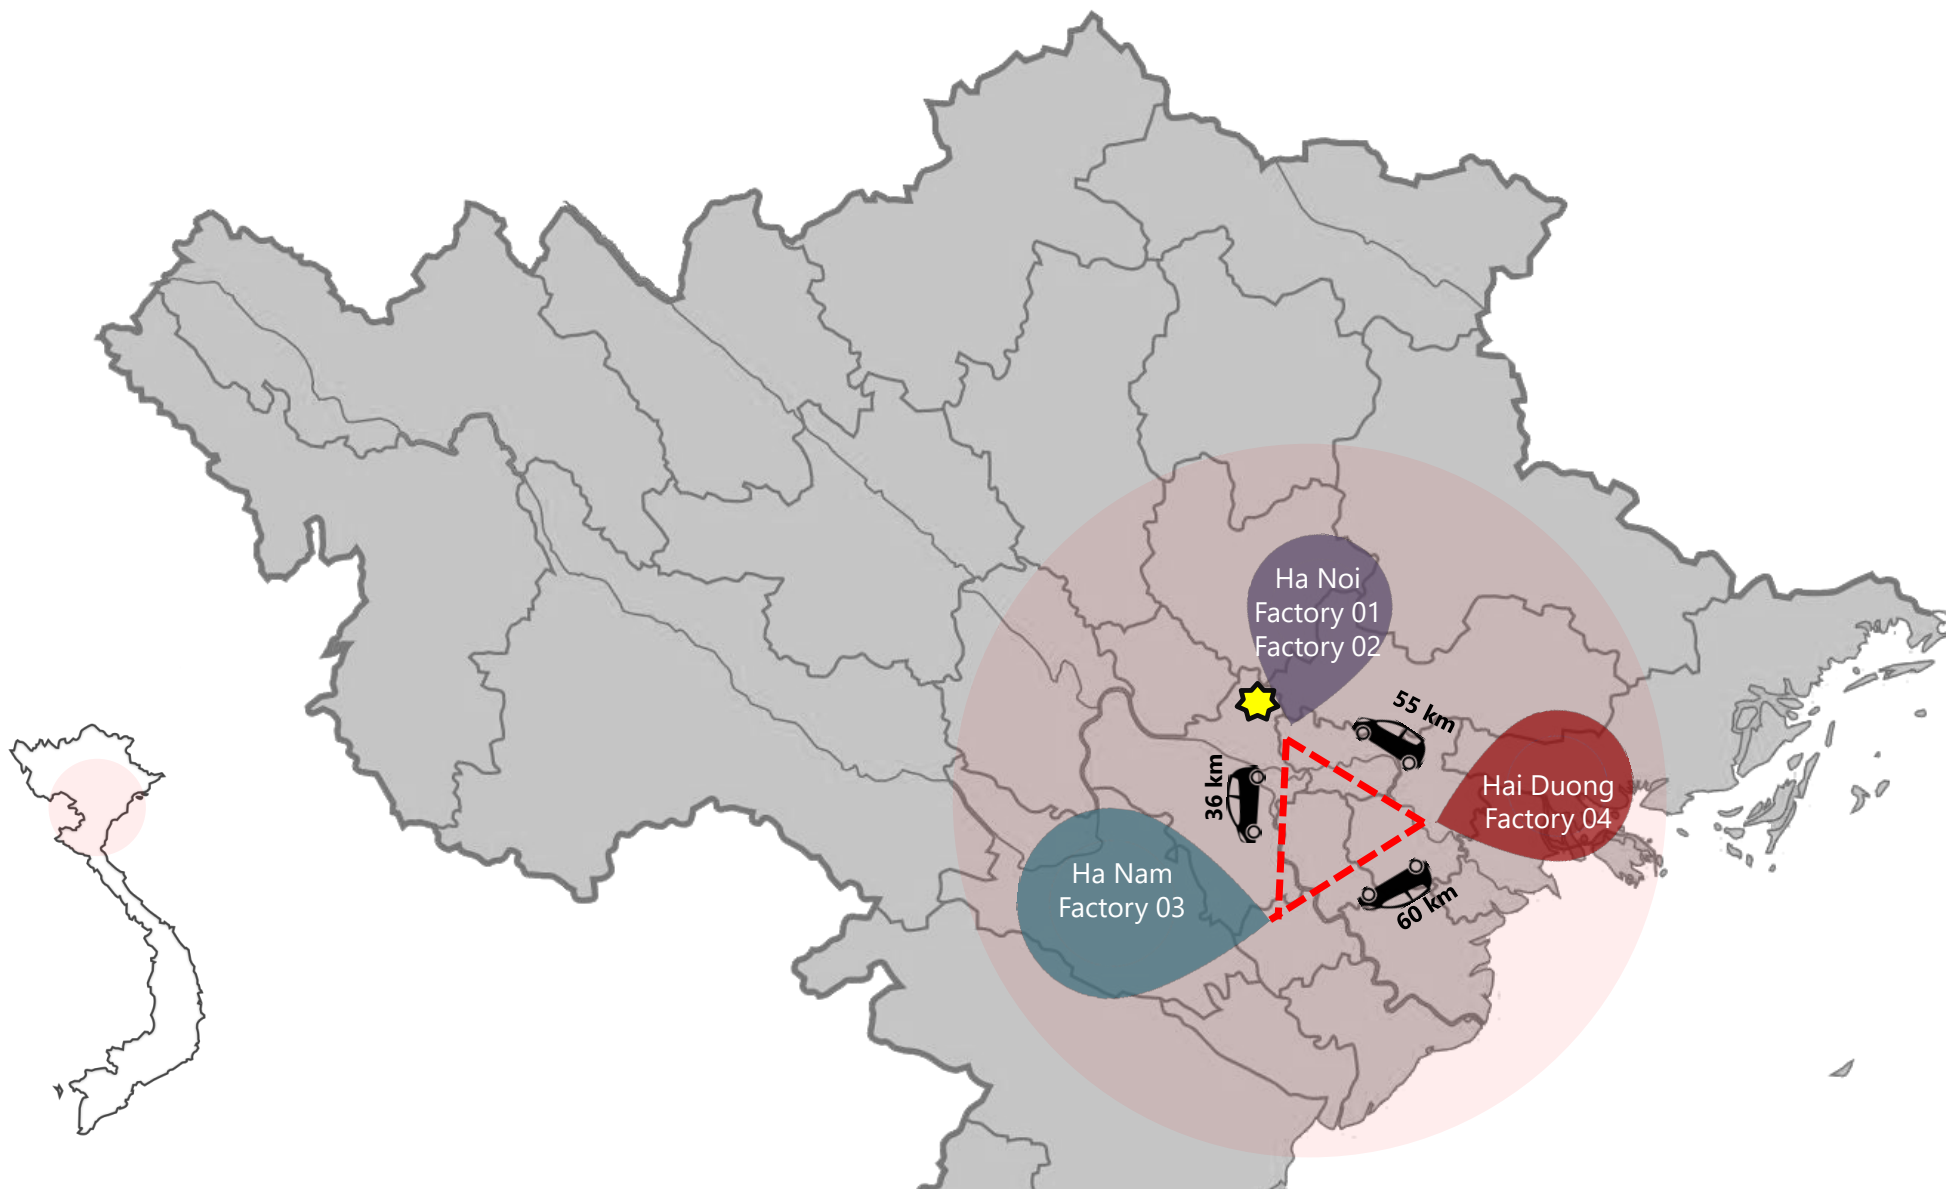

Assembling

Assembling the components

Our customers

Where we are located

Our factories

- **Factory 01 (BTD)**

- **Factory 02 (BTD)**

- **Factory 03 (BTD + VPM)**

- **Factory 04 (DHI)**

Factory 01+02(BTP): agricultural plastics, domestic plastic processing

7,000 m²

33 plastic molding machines

- 31 plastic injection molding machines (from 130 tons to 2,800 tons)
- 02 plastic blow molding machines

28 other machines

50,000,000 products/year

• Plastics for animal husbandry

• Plastics for cultivation

Factory 01: X26 Lien Ninh, Thanh Tri, Ha Noi

Factory 02: Duyen Thai Industrial Zone, Thuong Tin, Ha Noi

Factory 03 (BTD): plastics for industrial uses, processing and exporting

15,059 m²

**29 injection
molding machines**
from 120 tons to 2,700

20 other machines

10,000,000
products/year

• Plastics for industrial uses

• Plastics for processing and exporting

Factory 03: Dong Van IV Industrial Zone, Ha Nam

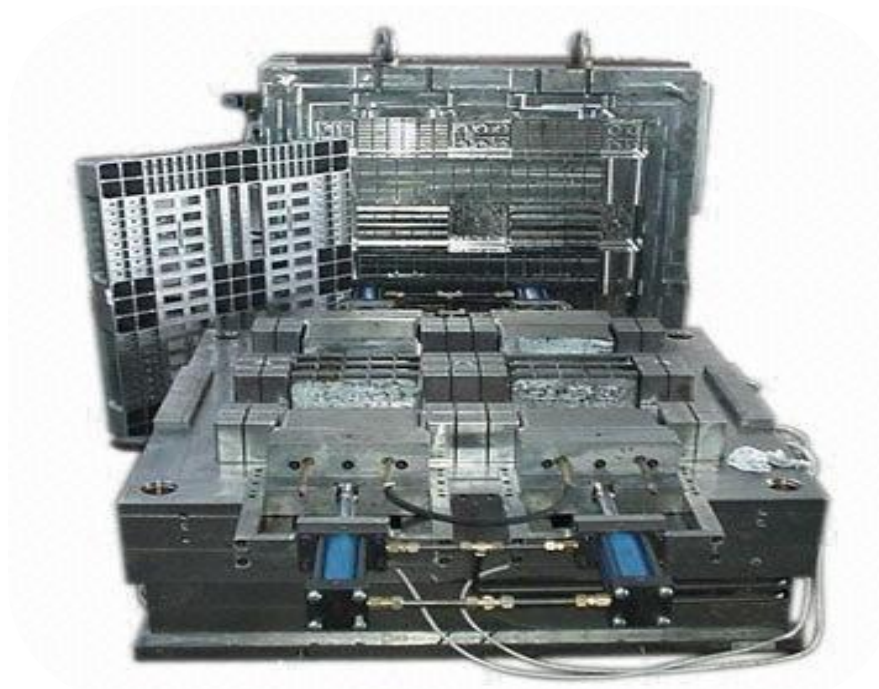

Factory 03 (VPM): tools & plastic molds

26 machine tools
instrument accuracy is
 $\pm 0,01$

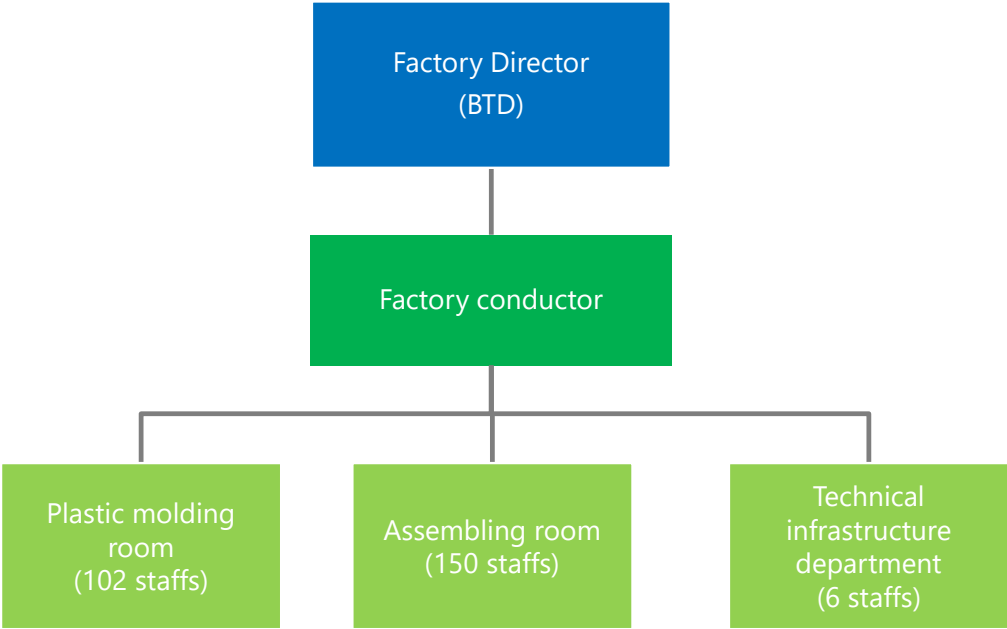

200
Products/year molds
with sizes from 10cm
to 1.2m.

Factory 03: Dong Van IV Industrial Zone, Ha Nam

Factory 03 (BTD) Capabilities

- Organizational structure

- Equipment list

Type of machine	Brand	Quantity	Origin
Plastic molding machine 120T	Haitian	1	China
Plastic molding machine 160T	Haitian	1	China
Plastic molding machine 200T	Haitian	4	China
Plastic molding machine 250T	Haitian	2	China
Plastic molding machine 280T	Haitian	2	China
Plastic molding machine 380T	Haitian	1	China
Plastic molding machine 470T	Haitian	1	China
Plastic molding machine 480T	Haitian	1	China
Plastic molding machine 550T	Haitian	4	China
Plastic molding machine 650T	Haitian	7	China
Plastic molding machine 900T	Haitian	1	China
Plastic molding machine 1080T	Haitian	1	China
Plastic molding machine 1300T	Haitian	1	China
Plastic molding machine 1850T	Haitian	1	China
Plastic molding machine 2700T	Haitian	1	China
Total		29	

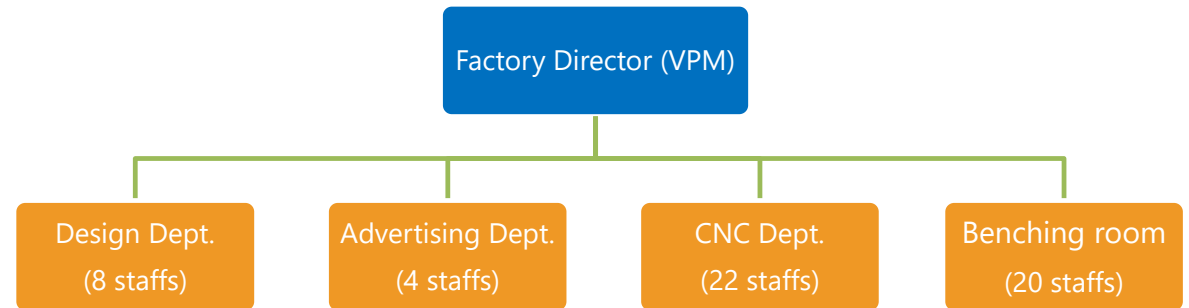

Factory 03 (VPM) Capabilities

• Equipment list

Type of machine	Brand	Quantity	Origin
Milling machine	Makino, Haitian	1+2+7	Japan, Singapore China
Lathe	Mazac, Haitian	1+1	Japan China
Grinder	Makino +JS	2+1	Japan, Taiwan
Mold detector	SCN	1	Taiwan
3D measuring machine	N/A	1	Taiwan
Electric pulse machine	Chemmer	1	Taiwan
Wire / copper cutting machine	Chemmer	2	Taiwan
Laser welding machine	JS	1	Taiwan
Drilling machine	JS	3	Taiwan
CNC grinding machine	Haitian	1	China
Total		25
