MR THANH STORY

My journey bring Vietnamese coconut products to consumers from the childhood memories with coconut tree in front of house. My dad spend hours on the coconut farm and collect crude nuts. Traders buy nuts with low price. People lifestyle couldn't improved and developed.

Inspired by our family 's vision, in 1997, we founded Luong Quoi Coconut Co.,Ltd in Ben Tre province. Name of company is the first location factory. Since then, we start a journey to increase the value of Vietnamese coconut. Browse through to discover the little things that make our coconut range so special.

We do business that values sustainable development and community.
