The story of the founder

of TAI KY FOOD FLOUR CORPORATION

Tai Ky Food Flour Corporation started by a coincidence from a leftover cassava root in the corner of a kitchen located in a small hamlet of Thi Nghe (now is the alley 124 Xo Viet Nghe Tinh, Ward 21, Binh Thanh district, Ho Chi Minh City) in 1976, when the country was still in a difficult economic situation.

Mrs. Nguyen Thi Xuan, the company's founder, ground each tube of carefully peeled cassava into mush, squeezed it, dried it and finally sieved it in the night to get a pinch of flour with the smell of fresh cassava. She saved all the flour day after day with the expectation of preparing some sweet soup for her children. One morning, she thought of exchanging the flour for candy at the local grocery store for her kids. Since then, the local grocery stores ordered more flour thanks to its high quality. Thereafter, the "Thi Nghe Flour" hamlet gradually formed, followed by the participation of other members in her family.

In the beginning, her husband cycled to sell only one to two 10kg bags. The sales gradually increased and the distance was also farther. Every morning, he and his daughter transported the products by a three-wheeler 'xe ba gác'. Sitting on the body of the three-wheeler, the little girl looked after the vehicle while studying using a stool as a desk, so that her father could carry the flour into the market and deliver it to the customers

In 1989, TAI KY FOOD FLOUR CORPORATION was established by Mr. BUI SA NHUNG, whose hometown is in Vinh Long, born in Saigon in 1941, and his wife, Mrs. NGUYEN THI XUAN, born in Quang Ngai in 1943.
