Greennet Co., Ltd

NATURAL IN HAND,

Herbal products are an invaluable gift from nature, not only safe for users but also environmentally friendly. The Vietnamese are favored by nature when endowed with a very diverse and rich flora with more than 12,000 species of plants. Of which, 3,854 species of plants are used as rare and precious medicinal plants (i). However, it is not a slight challenge to understand how to use herbs properly and conveniently in our modern life.

The SAOLA brand was built with health, skin, and hair care products with a mission to bring the precious values of natural herbs to users. With the basic ingredients of natural essential oils and vegetable oils, you can use SAOLA products every day and store them easily and conveniently.

The secret to making the uniqueness of SAOLA products is the natural essential oils of Lang Ha.

Use SAOLA and Lang Ha products to feel the values brought by nature and more completely adore the nature of Vietnam.

SAOLA®

HERBAL COSMETICS

11

ROSE HYDROSOL

Absolutely safe for skin

Uses:

- Leave skin clean, smooth, and moisturized.
- Tighten pores, prevent signs of aging.

Ingredients:

- Rosa centifolia flower distillate, purified water.

Each product is extracted from more than 30 roses grown and cared for at Dong Phuong farm. Since the purpose is providing raw materials for distilling rose water and making tea, the planting process is completely chemical-free. Distilled essential oils of lemongrass, melaleuca, and cinnamon are used to repel harmful insects. And only organic fertilizers are used to fertilize flowers. There are no solvents or chemicals in the product other than pure water. Therefore you can rest assured when using this product.

Đồng Phương Farm,
Duong Hoa commune, Huong Thuy town, Thua Thien Hue province.

12 LIPS BALM

Feel full of life and feel younger with Moringa Oil

Uses:

- Keeps lips soft and moist.
- Keep natural pink lips.

Ingredients: Shea butter, Coconut oil, Beeswax, Sacha Inchi oil, Moringa oil, Pomelo essential oil.

Moringa seed oil and wild grapefruit essential oil are the ingredients that help create a very good lip balm to protect the lips against bad weather and polluted environments. Moreover, these ingredients provide many natural nutrients needed to maintain moisture and regenerate cells.

13

MOISTURIZER CREAM

Balance skin with roses and vegetable oils

Uses:

- Helps to moisturize.
- Helps skin smooth, brighter and prevents signs of aging.

Ingredients:

- Rosa centifolia flower distillate, Shea butter , Moringa seed oil , Sachi seed oil, Coconut oil, Cetyl Alcohol, Glycerin, Purified water.

No matter how harsh the weather would be, the plants on earth always have their own ways to adapt, maintain their life and thrive. Extracts from many plant species put into Saola moisturizer is how we learn from plants to protect skin against the cold and dry weather of winter or hot and humid weather of summer. Rosewater and essential oils inside the moisturizer both help preserve the product, create a scent of nature, and effectively nourish the skin.

14 SERUM

" SMOOTHER - BRIGHTER "

Uses:

- Helps to moisturize.
- Helps skin smooth, brighter and prevents signs of aging.

Ingredients:

TINH DẦU

Lãng Hà®

ESSENTIAL OILS

CAJEPUT ESSENTIAL OIL

Uses:

- Circulate blood, warm the body to help prevent a variety of colds, headaches, dizziness for all ages
- Reduce itching, swelling caused by insects, mosquito bites.
- It-Widely used in cosmetics, antiseptic creams.

02 NIAOULI ESSENTIAL OIL

Australian-style pain relief

Uses:

- Helps relieve pain.
- Skincare.
- Relaxing nerves when tired and stressed .

Raw material area:

Duong Hoa commune, Huong Thuy town, Thua Thien Hue province.

Like the weather in Central Vietnam, the desert region of Australia also has a Melaleuca species with the same Melaleuca family as the Hue Melaleuca tree. The natives call this plant Niaouli and use it for a variety of purposes from healing, tea drinking to rituals. Five-vein Melaleuca tree has been brought to Hue to produce very high-quality essential oil with a pleasant aroma.

03 LEMONGRASS ESSENTIAL OIL

Hue cuisine flavor for people ...
insomnia!!!!!!

Uses:

- Facilitate digestion.
- Sauna with lemongrass essential oil helps reduce colds and fatigue.
- Clean the air, freshen the living space.
- Help relax and sleep well.
- Help repel mosquitoes and insects.

Raw material area:

Duong Hoa commune, Huong Thy town, Thua Thien Hue province.

Few people know that the lemongrass tree grown on Hue land creates the very own flavor of Hue cuisine. The scent of Hue lemongrass essential oil is more delicaded and sweet than other lemongrass essential oils. And this is the most popular choice of essential oil for relaxation and freshening of the living space.

04 PEPPERMINT ESSENTIAL OIL

Aromatic and cool

Uses:

- Cooling sore muscles after sports activities.
- Helps to focus on studying and researching when diffusing in the air.
- Creates a cooling sensation when mixed with shampoo or when applied to the skin after a day of outdoor activities.

Raw material area:

Duong Hoa commune, Huong Thuy town, Thua Thien Hue province.

05 GINGER ESSENTIAL OIL

Warm from inside

Uses:

- Support digestion, anti-emetic, anti-inflammatory, reduce cough.
- Anti-aging, restore healthy skin, massage to reduce subcutaneous fat.

Raw material area:

Duong Hoa commune, Huong Thuy town, Thua Thien Hue province.

06

POMELO ESSENTIAL OIL

Let your long hair blow in the wind.

The fresh Pomelo are just ripe enough to give off fragrant drops of essential oil that are both wild and deep like the smell of the forest after the rain.

Uses:

- The ability to prevent hair loss and tangles, keep hair healthy
- Skincare and acne treatment.
- Flavors in food technology.

Raw material area:

Duong Hoa commune, Huong Thuy town, Thua Thien Hue province.

THANH TRÀ POMELO ESSENTIAL OIL

"The secret" of Hue women

Uses:

- Prevent hair loss and tangles, keep hair healthy.
- Skincare and acne treatment.
- Flavors in food technology.

Raw material area:

Duong Hoa commune, Huong Thuy town, Thua Thien Hue province.

Only Hue can nurture and grow pomelo trees. Traditional Hue women have a way of keeping their hair both beautiful and fragrant. That is to use leaves or peel of Thanh Tra grapefruit to wash hair. Thanh Tra grapefruit essential oil helps you comfortably continue that tradition.

08 ROSEMARY ESSENTIAL OIL

No more stress!

The name of the plant says it all. Rosemary essential oil in Lang Ha retains the inherent scent of this plant, adding a little warmth to the tropical sun.

Uses:

- Reduce stress, help deep relaxation.
- Raw materials in the pharmaceutical - cosmetic industry.
- Used in food.

Raw material area:

Duong Hoa commune, Huong Thuy town, Thua Thien Hue province.

09 HOMALOMENA OCCULTA ESSENTIAL OIL

Green gold of the mountains

Thien Nien Kien means thousand years of good health. The name given by everlasting generations of doctors tells a part of its value. If someone needs to find a product to relieve pain in a gentle, pleasant way, then Thien Nien Kien essential oil (Homalomena occulta Essential Oil) is the right choice.

Uses:

- Used to strengthen physical strength, anti-inflammatory, cure cold, rheumatism, tendon pain, or paralysis.
- Used to derive high-quality perfumes.

Raw material area:

- The medicinal herbs area under the natural forest canopy in Nam Dong and A Luoi districts, Thua Thien Hue province.

10 ESSENTIAL OIL FOR FLU TREATMENT USES

Uses:

- Warm-up.
- Prevention of colds.
- Reduce runny nose, stuffy nose.

Ingredients:

- Cinnamon, Peppermint, Gratiissimum, Niaouli, Ginger, Lemongrass.

RESEARCH & DEVELOPMENT

Research on selecting varieties and testing medicinal plants

Developing cosmetic and health care products.

COMMUNITY DEVELOPMENT

Project for Development of medicinal plants under the natural forest canopy in A Luoi and Nam Dong districts, Thua Thien Hue province

Research project on selecting varieties and testing medicinal plants in the sand dunes and semi-mountain areas in Duong Hoa commune, Huong Thuy town.

Transfer technology of essential oil production to Co Tu minority people in A Luoi and Pa Co people in Nam Dong.

Support the establishment of production and trade cooperatives in Nam Dong and A Luoi districts.

Niauoli tree, raw material area in Duong Hoa commune,
Huong Thuy town, Thua Thien Hue province.

Homalomena occulta tree,
A Luoi district, Thua Thien Hue province

Lemongrass tree, raw material area in Duong Hoa commune,
Huong Thuy town, Thua Thien Hue province.

RAW MATERIAL AREA

the determining factor of quality.

Our company is developing two main raw material areas along upriver area of the Perfume River to the upstream area, 20 km west of Hue city.

- The material areas of Melaleuca and Five-vein Melaleuca have been restored and newly planted in Duong Hoa commune, Huong Thuy district, and Huong Tho commune, Huong Tra district.
- Raw materials from annual crops such as ginger, lemongrass, and pomelo are harvested by households in Nam Dong and Duong Hoa districts, and Huong Thuy town.

The medicinal herbal material area is the tree species living under the natural forest canopy in the area of A Roang and Huong Nguyen communes, A Luoi district.

The area of medicinal materials is the tree species living under the canopy of natural forests in the communes of Nam Dong district.
