About us

Mylina Group historically started its research in 1990s and was officially founded in 1999. Initial activities were focusing on projects of growing essential oil, herbal, processing and exporting Vietnamese essential oils mainly to Europe, US and Japan.

Through building the capacity of production and confidence in products, in 2007 the company started to invest into fragrances and expanding on domestic market in Vietnam. Slowly with more presence on key channels in Vietnam, the company started the trading division in 2014 to bring unique cosmetic/natural products to vietnamese market.

Now in 2022 with offices in 3 major cities (Hanoi, Danang and Ho Chi Minh City), presence on key supermarkets - Mylina Group is in wide range of areas from manufacturing of essential oils and natural hair products, spa & aromatherapy to distributing high-end skincare/bodycare products or cosmetics.

Our member companies
