Binh Dan, Tan Dan, Khoai Chau, Hung Yen 160000, Vietnam

A photograph of a branch with several green, elongated leaves resting on a dark, textured wooden surface. In the upper right corner, there is a patch of green moss. A warm, orange-toned light flare is visible in the top left corner. A dark red rectangular box is positioned horizontally across the middle of the image, containing the text "WHO WE ARE" in white, bold, sans-serif capital letters.

WHO WE ARE

Message from CEO

We would like to send our greeting and deep thanks to our customers and partners for your cooperation. Established in 2009, overcoming all difficulties and challenges, Techvina is proud to be the leading company in Vietnam in terms of manufacturing and supplying natural essential oils and natural aroma chemicals to the world market. To ensure the quality of the final product to the customer, we always strictly control the process from planting, harvesting, production to packaging. This is how we show our commitment to the environment protection, labors, and product users. "Where you believe" is the motto, the message Techvina wants to send to customers.

CEO
Hoang Van Hai

Core Values

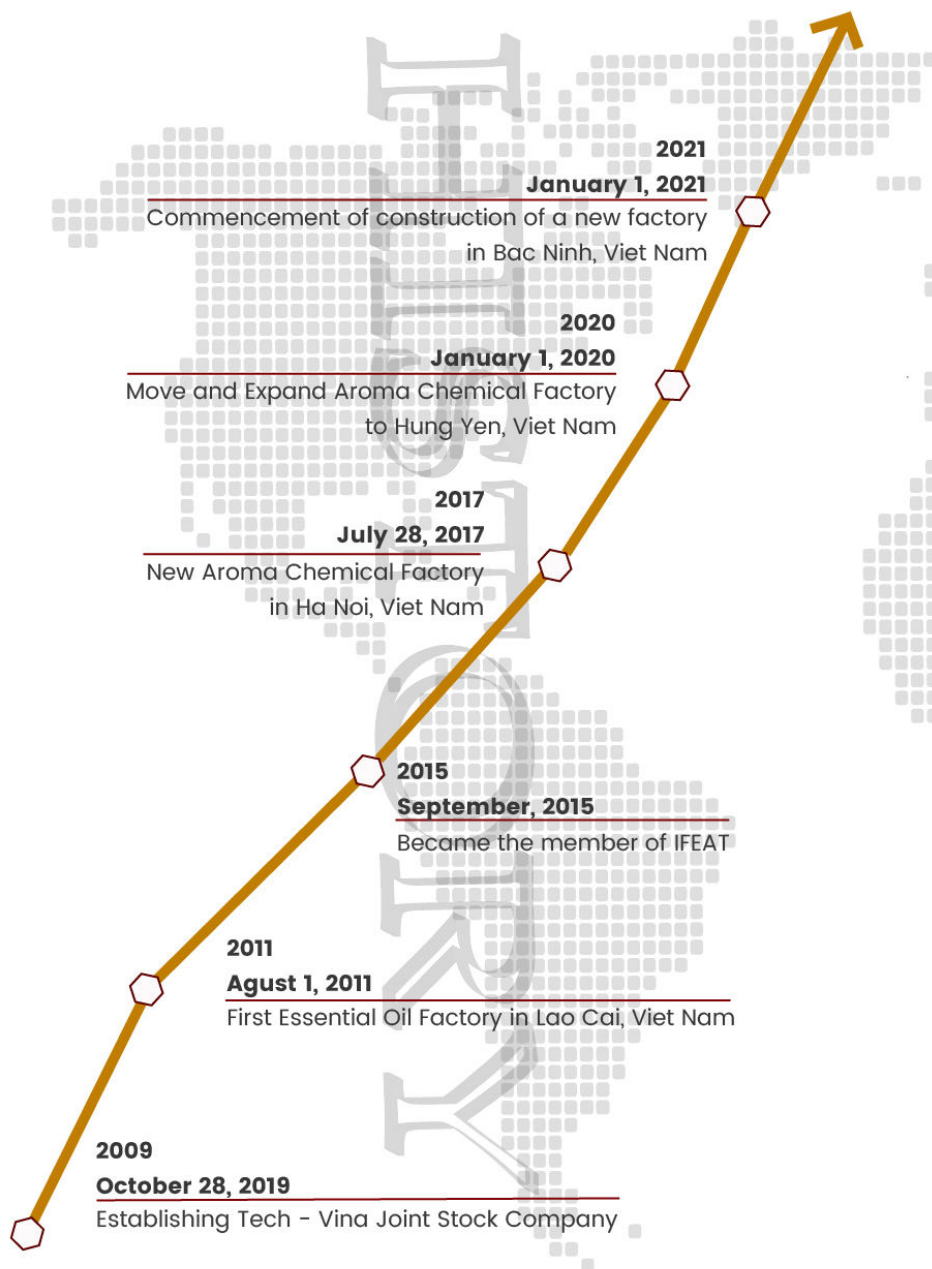

MISSION

“Enhancing the value of Vietnamese agricultural products, Techvina aim to create a more stable and better income for farmers and bringing high-quality Vietnamese agricultural products to the world.”

VISION

“With the vision to 2030, Techvina will maintain the leading position in Viet Nam and be in the top 5 largest corporations in Asia in terms of manufacturing and exporting natural essential oils and natural aroma chemicals in the world.”

History

Organization

WHAT WE HAVE

Modern production lines

International standards

- ◆ **Steam Distillation Units** with annual capacity of 120MT
- ◆ **Fractional Distillation Units** with annual capacity of 100MT
- ◆ Chiller division

HEAT

Sedex®

FDA

HACCP

K_{LBD}

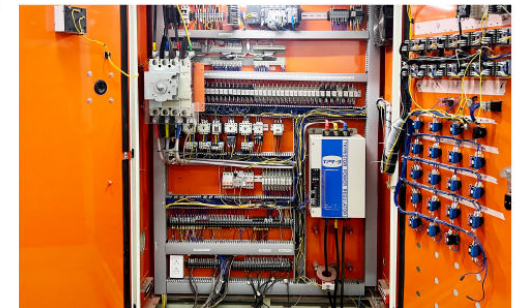

- ◆ Industrial mixer, Crusher and Sieving
- ◆ High Pressure Compressors
- ◆ Automatic forklifts increase labor productivity.

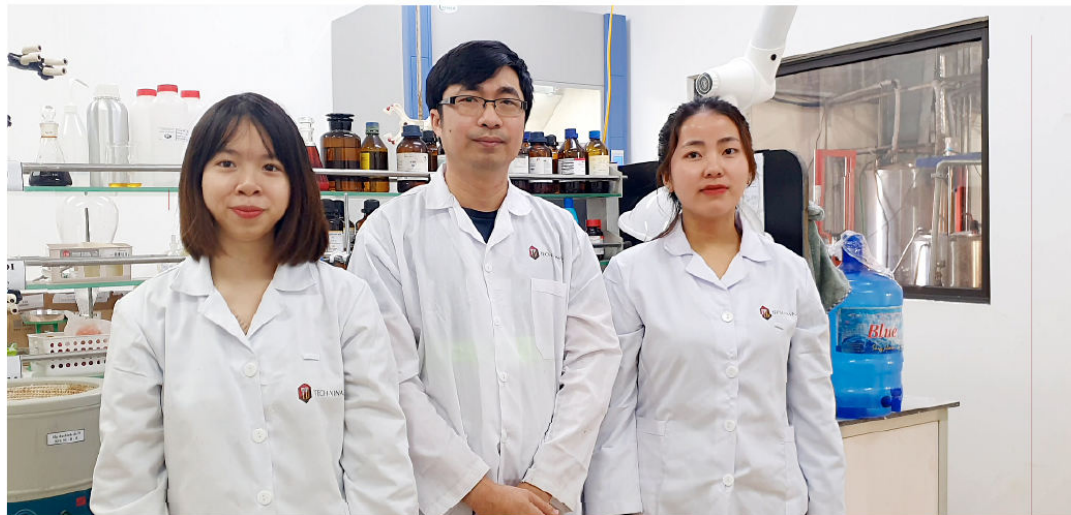

- ◆ 100% tanks are made from **STAINLESS STEEL**.
- ◆ The exhaust gas treatment system during production and testing.
- ◆ Workers are equipped with **protective equipment**.

- ◆ Automated and redundant electrical systems and modernity reduce risks in production.

Research & Development

We are always pioneering, doing things no one else in Vietnam has ever done.

12 YEARS of research and development experience.

The leader is a doctor of chemistry with 20 YEARS of work and research with many successful projects that have been applied in practice.

100% of laboratory staff have the degree in chemistry or higher bachelor

To serve research and development, we invest a lot of equipment for research such as:

Oil Analysis Equipment .

Laboratory Fume Hood .

Laboratory Glass Fractional Distillation

Laboratory Fume Hood

Gas Chromatography Mass Spectrometry machine.

Gas Chromatography machine.

Typical **SUCCESSFUL PROJECTS** to mention:

- Industrial production of **Cinnamic Aldehyde, Benzal Aldehyde, Cinnamyl Acetate, Coumarin, OMCA** from Cassia Essential Oil.
- Industrial production of **Alpha Terpineol** from Turpentine Oil.
- And many other **production improvement** projects.

Tallents

Mr. Hoang Van Hai
Company Director

Starting as a chemical engineer, he fell in love with the cassia on a visit to Yen Bai. Feeling the hardships of the cassia farmers, he learned about the farming practices and trading of cassia products here. Agriculture is backward, the output is not stable, sold to China only and regularly depreciated, which prompted Mr. Hai to establish Techvina company with the mission of enhancing the value of Vietnamese agricultural products.

Mr. Nguyen Van Quang
Head of production department

Joining Techvina since its founding, Mr. Quang considers Techvina as his second family where he can demonstrate his abilities. Thanks to his leadership and creative flexibility, many production staffs were well-trained by him.

Mr. Nguyen Van Chuc

Head of Research and Development Department

As a talented chemist with more than 15 years of research experience, Dr. Chuc has successfully carried out a large number of research projects. Although receiving countless job offers from foreign corporations with high salaries, Dr. Chuc decided to work in his homeland, Vietnam, to build the country. Techvina is the place where he chose to satisfy his passion for science.

Ms. Nguyen Thi Ngan
Head of finance department

With more than 10 years of experience in the financial sector, Ngan has been well-improving Techvina's financial process since she joined. Our customers are always satisfied with the quick payment procedure that Techvina's finance department supports.

Ms. Andie Nguyen
Head of Sales Department

Graduated from Foreign Trade University with an excellent degree, Andie is always looking for a job where she can utilize her knowledge and skills to enhance Vietnamese agricultural products. She finally found Techvina whose mission exactly matches her desire. Responsibility and dedication is Andie's working motto, which helps her achieve a lot of success at work.

Strong Supply Capacity

We have a **LARGE NETWORK OF SUPPLIERS.**

- Cooperates with **80%** of essential oil producers in Vietnam, corresponding to **90%** of essential oil production .
- There is **1 Cassia oil factory** in the **largest cassia growing area** in Vietnam.
- 13 years** of working with farmers by assisting in **guiding farming methods, harvesting and preserving the quality of agricultural product.**

Shipping Service

We have **PROFESSIONAL SHIPPING CONTROL**

- ◆ Various modes of transportation
- ◆ The fast and precise **9-step export process**
- ◆ **Monitor tracking regularly** and solve any arising problems.
- ◆ All goods are covered by **cargo insurance**

Customer Service

We **UNDERSTAND WHAT OUR CUSTOMER NEED:**

- ◆ Various payment methods: **T/T, D/A, D/P,...**
- ◆ Always **listen and respond** opinions from customers
- ◆ Provide all required documents
- ◆ There are staff on call **24/7 to answer questions** and handle arising problems

A photograph of a young evergreen sapling with vibrant green needles, growing out of a thick layer of dark green moss on a forest floor. The background is a soft-focus forest scene with more trees and foliage. A dark red rectangular box is overlaid on the left side of the image, containing the text 'WHAT WE DO' in white, bold, sans-serif capital letters.

CUSTOMERS

Products

CASSIA OIL

Cas No. 8015-91-6

Botanical name: Cinnamomum Cassia
Status: Pure and Natural
Color: Yellow to brown
Odor: Sweet, Spicy, Warm

BASIL OIL

Cas No. 8015-73-4

Botanical name: Ocimum Basilicum
Status: Pure and Natural
Color: Colorless and yellowish
Odor: Characteristic

CAJEPUT OIL

Cas No. 8008-98-4

Botanical name: Melaleuca Leucadendron
Status : Pure and Natural
Color: Pale yellow to brownish
Odor: Warm, mint flavor

SIAM WOOD OIL

Cas No. 8022-47-7

Botanical name: Fokienia Hodgiasii Oil
Status : Pure and Natural
Color: Redish brown
Odor: Rich, warm, sweet, creamy, woody, balsamic

TAMANU OIL

Cas No. 223748-12-7

Botanical name: Calophyllum inophyllum
Status: Pure and Natural
Color: Dark green
Odor: Slightly green, nutty scent

CINNAMIC ALDEHYDE

Cas No.104-55-2

Chemical formula: C₉H₈O
Color: Yellow to brown
Purity: >98%
Odor: Cinnamon-like

BENZALDEHYDE

Cas No.100-52-7

Chemical formula: C₇H₆O
Color: Colorless and yellowish
Purity: >98%
Odor: Almon-like

COUMARIN

Cas No.91-64-5

Chemical formula: C₉H₆O₂
Color: White
Purity: >98%
Odor: Sweet, aromatic, creamy vanilla bean odor

CINNAMYL ACETATE

Cas No.103-54-8

Chemical formula: C₉H₈O
Color: Colorless and pale yellow
Purity: >98%
Odor: Sweet, floral, balsamic odor

ALPHA-TERPINEOL

Cas No.98-55-5

Chemical formula: C₁₀H₁₈O
Color: Colorless
Purity: >98%
Odor: Characteristic
