## HISTORY

More than 25 years ago:

- The continuous development of a civilized society makes people spend more time for work.
- What kind of foods is suitable to save time and ensure enough energy?
- The development of many industries has adverse impacts on the environment. So what will be eaten for **safe** and **sanitary**? ...
- Instant noodles is probably **the most ideal products** that meet the above requirements.
- The product provides enough energy, is also consistent with the affordability of all population. It is essential foods of the future.

Therefore, we **HA VIET FOODS LIMITED COMPANY** was established on September 1, 1995.

## CERTIFICATES

All the food, cosmetics, drugs, biological agents, medical equipment, and radio logical products must be FDA Approved before produced or imported in the United States.

FSSC 22000 certifies the food, feed and packaging safety systems of companies in the food chain that process or manufacture animal products, perishable vegetable products, products with a long shelf life and other food ingredients like additives, vitamins and bio-cultures.

HALAL is an independent certification process by licensed agency/organization to confirm that specific products/services evaluated do not use any Haram ingredients or methods (prohibited substances prescribed by Islamic law).
