I - About PSL

PSL or Pompous Sonthanhphat Limited is a joint venture founded in 2017 by the cooperation between Pompous Investments and two big cashew manufacturers in Vietnam. With the advantages of facilities and financial capital provided by Pompous Investments, we aim to create a global presence and become one of the biggest cashew exporters in Africa, Asia, and all over the world.

Our business activities:

- Sourcing raw cashew nuts directly from farmers in Africa and Vietnam
- Growing cashew on our own farms in Cambodia
- Trading raw cashew nuts to factories and partners in Vietnam
- Manufacturing and exporting cashew kernels to countries worldwide

II - Products

Raw cashew nuts

PSL derives its competitive edge from its ability to secure a stable supply of raw cashew nuts from Vietnam, Cambodia, and Africa.

Nigeria:

A primary warehouse
Location: Lagos
Storage capacity: 5,000 tons

Ivory Coast:

A warehouse
Location: Bouake
Storage capacity: 2,500 metric tons

A warehouse
Location: Abidjan
Storage capacity: 5,000 metric tons

Tanzania:

A large compound
Location: Mtwara Port
Storage capacity: over 12,000 tons

In Cambodia:

A farm
Area: 1800 hectares
Yield: 4500 to 5000 tons/year

Cashew kernels

PSL Cashew supplies all specifications of cashew kernels (according to AFI standard), including: W180, W210, W240, W320, W450

Specification	Material origins	Available time
W180	Tanzania Cambodia Vietnam	February - July
W210	Tanzania Cambodia Vietnam	February - July
W240	Tanzania Nigeria Ivory Coast	October - July
W320	Nigeria Ivory Coast Benin	December - July
W450	Guinea-Bissau	May - August

Cashew kernel pieces

Besides, we also provide different types of cashew kernel pieces at the customer's request.

Specification	Material origins	Available time
Large White Pieces (LWP)	Mixed origins	At the customer's request
Small White Pieces (SWP)	Mixed origins	At the customer's request
Very small pieces	Mixed origins	At the customer's request
Baby bits (BB)	Mixed origins	At the customer's request

Roasted cashew nuts

Each box of PSL roasted cashew nuts is made from the finest materials and sold under the PSL private label. Types of PSL roasted cashew kernel:

- Salted, roasted cashew kernel
- Unsalted, roasted cashew kernel
- Roasted cashew kernel with testa
- Roasted cashew kernel without testa

Cashew butter

In a restless attempt to satisfy customers' needs, in 2021, our R&D team launched a new product called PSL Cashew Butter with a smooth texture, no sugar, no salt, few additives, and no preservatives.

III - Certificates

Our products are graded, tested, and seriously certificated by global standards. That way, we ensure that our products meet our international clients' specific requirements. Until now, our products can live up to the needs of almost every certificate in food safety, including:

IV - Full Traceability

Taking the initiative in the source of goods, PSL has formed a fully-integrated supply chain, thus better controlling the quality of the cashews from input to output, "From farm to plate".

Farm

Raw cashew nuts are purchased from farmers in Africa and Vietnam by our Vietnamese experts to control the quality of the raw materials strictly. Besides, a proportion of cashews are grown on our own farms in Cambodia with a method following Organic and Fair Trade standards and dried carefully before shipping to Vietnam.

Stock

These raw cashew nuts are then gathered and stored in African and Cambodia inland warehouses.

Transportation

PSL delivers the cashews to Vietnam by ships (PSL Africa) and trucks (PSL Cambodia).

Processing

After being carefully selected and sorted, the raw materials are processed in our factories according to international standards and customers' requirements.

Packaging

PSL cashews are packed in tin boxes, PE vacuum bags, and glass jars with an origin tracking QR code. In addition, customers are given a code to follow their order's journey via our website without asking for sales representatives.

Plate

Finally, only the best products selected and our quality control team are distributed to wholesalers and retailers and put on customers' plates.

V - Why PSL cashew?

The significant capacity of our own factories and manufacturing partners allows us to provide cashew in any quantity at the customer's request.

With substantial financial backing from Pompous Investments, PSL can ensure an adequate raw material stock in the limited seasonal time.

We aim to put ourselves as a pioneer in the cashew market that provides products with FULL TRACEABILITY.

All our facilities follow strict standards to reduce carbon footprints and other negative impacts on the environment

At PSL, ethics and equality are our core values for sustainable development. We refuse to use child laborers, give priority to women, and secure a fair working environ-

All our facilities follow strict standards to reduce carbon footprints and other negative impacts on the environment

Our business is built around the ultimate goal of providing a better life for our partner, employees, and their families in countries of the Third World.
