ORGANIZATION CHART

COMPANY INTRODUCTION

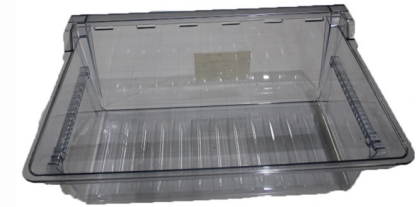

Company name BINH THUAN PLASTIC GROUP
JOINT STOCK COMPANY

Established 2008

Sale revenue 1,200 billion VND
(~ 52.5 million USD)

Workforce 750 personnel

- Production**
- ☐ Industrial plastic products
 - ☐ Agriculture & Livestock plastic equipment
 - ☐ Injection moldings
 - ☐ Plastic granule products

Injection moldings

Plastic granule products

SUBSIDIARY SYSTEM INTRODUCTION

Main Office - BPG:
Unit L3-03, 3rd floor,
Tower 1, Times City,
458 Minh Khai, Hai Ba Trung,
Ha Noi

Southern Office - BTS:
No. 41, Street 2, Van Phuc
Urban Area, Hiep Binh
Phuoc, Thu Duc,
Ho Chi Minh City

Factory 1 - BTP:
X26 Lien Ninh, Lien Ninh, Thanh Tri,
Ha Noi

Factory 3 - DHP:
KM 39, National Highway 5, Hung Thinh,
Binh Giang, Hai Duong

Factory 2&4 - BTD & VPM:
Lot CN –03, Dong Van IV Industrial Zone,
Kim Bang, Ha Nam

SUBSIDIARY FACTORY SYSTEM

Factory No.1 (BTP): producing auxiliary products for the agricultural and fishery industry

Binh Thuan Plastic Production Co., Ltd

Address: X26 Lien Ninh, Thanh Tri, Ha Noi

Area: 7000 m²

24 pressing machines

Machine capacity: from 120 to 1300 tons

Plastic consumption is over 8000 tons

From 25 million products per year

Factory No.02 (BTD): Producing industrial products, processing and assembling

Binh Thuan Development Co., Ltd

Address: Lot CN –03, Dong Van IV Industrial Park, Kim Bang, Ha Nam

Area: 15.000 m²

29 injection molding machines

Machine capacity: from 120 to 2800 tons

Plastic consumption is over 25000 tons

From 30 million products per year

SUBSIDIARY FACTORY SYSTEM

Factory No. 03 (DHP): Manufacturing pallets and producing plastic granules

Dong Hai Plastic Co., Ltd

Address: Km 39, National Road 5, Hung Thinh, Binh Giang, Hai Duong

4 pressing machines and 02 granule producing lines

Pressing capacity: 2250 – 2550 tons;

02 granule producing capacity: 16 tons/day

Plastic consumption is over 3.000 tons

From 200.000 products per year

Number of imported plastic granule under importing certificate: 18000 tons.

Factory No. 04 (VPM): Producing plastic molds

Vietnam Plastic Mold Joint Stock Company

29 modern machine tools

Address: Lot CN – 03, Dong Van IV Industrial Park, Kim Bang, Ha Nam

- capacity : 10- -15 mold / month-

- mold size : 50ton - 2800ton

VPM MOLD FACTORY MACHINERIES

Type of machine	Brand	Quantity	Origin
Hole Drilling Machine		1	China
Wire Cutting Machine	JC	2	China
Laser Welding Machine	Electric Boom	1	Taiwan
TIG Welding Machine	MMA	1	Taiwan
Drill Machine	Makino, Ogawa	3	Japan
Grinding Machine	Okamoto	3	Japan
Compressor Machine	Kobelion	1	Japan
Milling Machine	Makino, Hatian	11	Japan, China
Molding Machine		1	Korea
Taro Machine		1	China
Lathe Machine	Haitian	2	Japan, Taiwan
ED Machine	C-Tech, Chemer	2	China, Taiwan
Total		29	

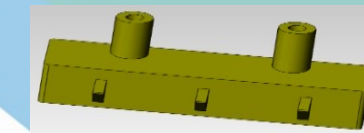

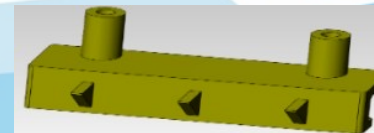

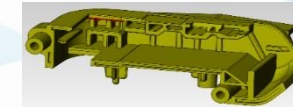

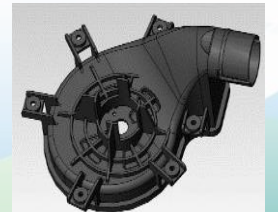

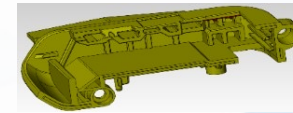

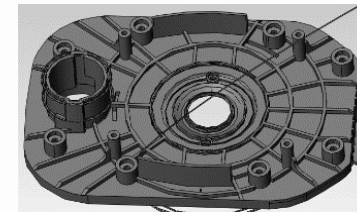

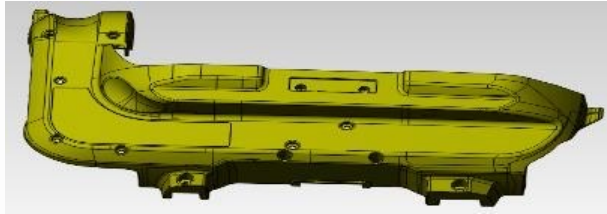

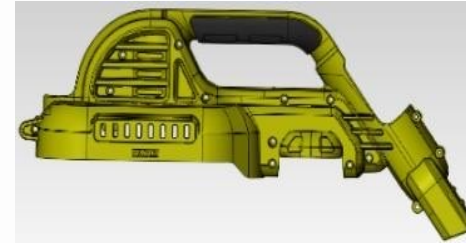

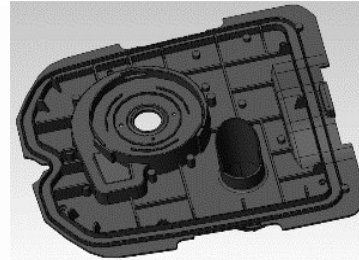

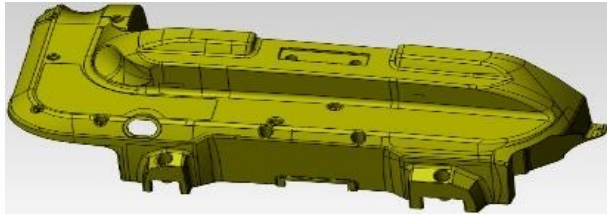

BTD FACTORY MACHINERIES

No.	Type of machine	Brand	Quantity	Origin
1	Plastic molding machine 120T	Haitian	3	China
2	Plastic molding machine 160T	Haitian	1	China
3	Plastic molding machine 200T	Haitian	3	China
4	Plastic molding machine 250T	Haitian	1	China
5	Plastic molding machine 280T	Haitian	1	China
6	Plastic molding machine 320T	Haitian	1	China
7	Plastic molding machine 380T	Haitian	2	China
8	Plastic molding machine 470T	Haitian	1	China
9	Plastic molding machine 480T	Haitian	1	China
10	Plastic molding machine 530T	Haitian	1	China
11	Plastic molding machine 550T	Haitian	2	China
12	Plastic molding machine 650T	Haitian	3	China
13	Plastic molding machine 750T	Haitian	1	China
14	Plastic molding machine 1080T	Haitian	1	China
15	Plastic molding machine 1300T	Haitian	1	China
16	Plastic molding machine 1850T	Haitian	1	China
17	Plastic molding machine 2250T	Haitian	1	China
18	Plastic molding machine 2800T	Haitian	1	China
19	Plastic molding machine 2 colors 260T	Borche	1	China

SWOT

- 15 years of experience in plastic products.
- Closed process, from R&D and molds engineering, to production and distribution
- 03 factories with press capacity of up to 2,800 tons and 01 mold factory with 26 modern machine tools.
- Wide range of products.
- High flexibility in special customized orders.

- In the process of enhancing and synchronizing business activities.

- Investing in 01 new factory for granule production from recycled plastic products.
- Expanding operation in Southern Vietnam.
- Digital transformation all across the group.
- Global market targeting.
- New businesses emerging, with high demands for high quality plastic products.

- Competitive market.
- Dependent on imported raw materials.
- Unstable local/ international logistics and Supply chains affected by Covid 19.
