O

PEN LETTER

Dear Partners!

First of all, VITECH39 would like to send to our partners best wishes for health and best regards.

VITECH39 was founded by members with extensive experience in the rubber and plastic products manufacturing industry, with many years of working in large enterprises and corporations in Vietnam and other countries in the region.

VITECH39 is oriented to become one of the leading ancillary enterprises in Vietnam, specializing in the production of plastic products and accessories to serve the industries of manufacturing equipment, machinery, electronic goods, and goods. Appliances ...

Although VITECH39 is a young enterprise, but with the experience of the Executive Board, the company has been organized methodically from the beginning in all aspects: modern machinery and production tools; staff is carefully selected; organizational structure with executive departments in accordance with standards...

With the capacity and closely monitored production process, VITECH39 has been and will always be committed to giving our partners absolute confidence in the quality of the products that the company makes.

Dear Partners!

In the context of the newly established company as well as the general economic situation still facing many difficulties after the pandemic, each interest and business cooperation from our partners becomes a great source of energy for the survival and development of the Company. development of our Company.

We are very pleased to welcome and serve you.

Thank you very much!

Best regards
Dang Doan Xuan
