What We Do

We are trading in green tea, black tea, tea bags, matcha green tea powder derived from the 80-100 year old Shan Tuyet tea trees in Ha Giang province, Vietnam and organic midland tea trees in Thai Nguyen province, Vietnam.

We are looking for partners who are tea importers doing business in the following fields: tea processing and trading, retail systems and skin care products trading companies,...

In addition, we are also looking for investors who want to develop the tea brand and exploit the tea market in Vietnam.

What we have

We have close cooperation and commitment with suppliers in the process of manufacturing and selling products, so we ensure:

- Quality products, food safe and environmentally friendly.**
- Competitive price with other exporters.**
- Abundant, stable and sustainable supply.**

Shan Tuyet (Black Tea) is a famous tea product in Vietnam. Black tea has higher caffeine and oxidation content than green tea, so the tea flavor is stronger and stronger.

SHAN TUYET BLACK TEA

After harvesting, the tea leaves will be fermented with 100% oxidized yeast, making the tea leaves black, and red after brewing.

Uses: Improve the immune system better, reduce stress and the risk of diabetes, good for the heart, ...

SHAN TUYET GREEN TEA

Shan Tuyet Green Tea products are made from 100% natural tea buds, 1 tea bud and 1 or 2 young leaf. Selected from pure young green tea buds covered with dense fog and gathered by local people.

-Taste: When brewed, it will have a golden color like honey, sipping a cup of tea will feel the aroma. Light aroma, slightly acrid taste at the tip of the tongue, but then the sweet taste will spread throughout the oral cavity.

- Uses: containing high levels of antioxidants, EGCG helps maintain youth, lowers cholesterol... helps to stay awake, reduces the risk of cancer, prevents cardiovascular disease, slows down the aging process, helps bones strong, ...

It is a dark yellow tea with a slightly acrid taste and a sweet aftertaste. The scent of tea is full of sunshine, fresh grass and wild flowers.

This is a semi-fermented tea, quite popular in the northern mountainous provinces of Vietnam. Fresh Shan tea leaves, when picked, are slightly wilted, yeast is destroyed, shaped and dried in the sun.

Anti-cancer, laxative, diuretic, good for the heart...
