PRODUCT

INTRODUCTION

We proudly handmade production that at the expense of people and our environment.

Our grass is cultivated organically, without the need for any harmful fertilisers or pesticides, and so growing it doesn't contribute to any unwelcome elements entering ground-water.

ABOUT US

Our handmade product and eco friendly products are sourced responsibly, using natural and organic materials.

OUR GOALS

Our values in eco-sustainability are not just about how cheaply a product can be manufactured. Instead, it is of great importance to us that our grass straws and eco friendly products are sourced responsibly, using natural and organic materials.

Using natural and organic materials. This limits waste throughout the entire production process, and helps to support local communities in rural areas.

We absolutely love Grass|SeaGrass! Not only does it look and feel great, but it is 100% sustainable, fully biodegradable, and can be harvested in as little as 6-12 months

ONBE Crafts reusable alternatives and zero waste swaps help reduce the heart-breaking and saddening use of plastic and single use plastic items.

PRODUCT OVERVIEW

Our farms and workshops use sustainable bamboo, straw grass and natural materials, grown responsibly in Vietnam. During the harvest and production phase, no chemicals are used.

Natural and eco-friendly materials: grass, sea-grass, coconut, bamboo, rattan, palm-leaf, jute, willow...

Our main products are: Straw grass bag, Drinking straws, Storage baskets, Serving trays, boxes, bowls, spoons and forks, bamboo cups, wall decor, interior decor, gift and craft,...

PRODUCT OVERVIEW

ONBE Crafts are fully biodegradable and 100% organic. They are grown and handcrafted in rural Vietnam
