ABOUT US

Established in 2005, T.M.N stands as a cornerstone in the construction industry with an extensive history of leadership. We have garnered the admiration of both domestic and international investors for our exceptional design capabilities and wealth of experience.

Backed by a trove of expertise and a team of seasoned professionals for over 15 years, we are committed to delivering unparalleled service. The TMN architecture stands out for its innovative approach that integrates technology, practical solutions, captivating design, creative elements, and the utilization of Light Gauge Steel (LGS) frames. Notably, the architecture places a strong emphasis on environmental friendliness, aiming to create structures that harmonize with their surroundings and minimize their ecological impact. TMN architecture has contributed to reshaping the architectural landscape by combining cutting-edge technology, ingenious solutions, artistic design, and sustainability principles.

Join us in shaping the future of architecture through our unparalleled strengths in technology, innovative solutions, exceptional design, and boundless creativity.

Welcome to the Future of Home Construction by TMN Architecture:
Building Your Dream Home with Strength and Style using Light Gauge

Our experts are suitable for all customer groups, large and small investment packages. Our current customers are investors, families, young people, and people who love to connect with nature.

NEW BRAND TMN HOMES

TMN HOMES was established in January 2023 by TMN ARCHITECTURE in Quy Nhon city, Binh Dinh province, Vietnam.

TMN

HOMES

At TMN HOMES, we specialize in constructing light gauge steel framed houses, offering DIY frame kits, and providing comprehensive dwelling solutions. Our expertise allows us to create sustainable and environmentally friendly homes suited for different terrains, such as mountains and seaside locations. We also provide climate control solutions and options for adding multiple floors to ensure sustainability and meet the needs of our clients.
