# Why BUYO?

Solving Plastic  
Pollution

Tackling Climate  
Change

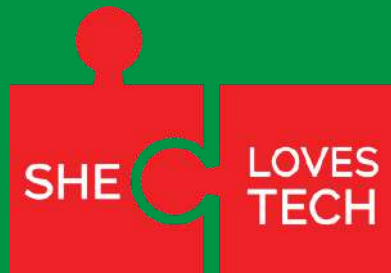

Upcycling  
Waste

# Product Advantages

	BUYO Bioplastics	Other Bioplastics	Regular Plastics
Bio-based material			
Fully biodegradable			
Safe for health, no microplastics			
Excellent properties			
Very low carbon footprints			

# International Awards & Recognition

**SXSW  
2024**

# Manufacturing Capability

BUYO is a pioneer in transforming bio-waste into nature-based and biodegradable bio-materials to replace plastics. Our advanced proprietary technologies have been recognized globally by reputable awards and the world's top brands. We commit to the mission of saving our planet and protecting human health.

## Spoon

---

**Specifications:** 17cm x 3.5cm  
6 grams

**Description:** *Single or multiple use,  
bio-based, biodegradable*

---

## Fork

---

**Specifications:** 17cm x 2.7cm  
4 - 4.5 grams

**Description:** *Single or multiple use,  
bio-based, biodegradable*

## Knife

---

**Specifications:** 17cm x 1.8cm  
4 grams

**Description:** *Single or multiple use,  
bio-based, biodegradable*

## Straw

---

**Specifications:** 220mm x 6mm  
200mm x 8mm  
220mm x 12mm

**Description:** *Single use, bio-based  
biodegradable*

## Plates

---

**Specifications:** 13cm, 16cm, 18cm  
20cm, 25cm  
13 - 15 grams

**Description:** *Bio-based,  
biodegradable*

---

## Bowls

---

**Specifications:** 800ml, 1000ml

**Description:** *Bio-based, biodegradable*

## Coaster

---

**Specifications:** *Customized dimension  
and specifications*

**Description:** *Single or multiple use,  
bio-based, biodegradable*

## Cups

---

**Specifications:** 360ml - 500ml  
700ml - 1000ml  
Cup: 4 - 10 grams

**Description:** *Bio-based, biodegradable*

# Industrial and Medical Applications

BUYO provides customized and advanced solutions that could meet the most demanding industrial and medical applications for corporate customers.

# Resin

BUYO provides an innovative bio-material solution that is suitable and ready for compounding with other materials. This material can be used for applications in packaging, medical, cosmetic, food and textile industries.

# Bio-Fermentation Material

BUYO provides an innovative bio-material solution that is suitable and ready for compounding with other materials. This material can be used for applications in packaging, medical, cosmetic, food and textile industries

- Nature-based, biocompatible and non-toxic biopolymer
- Safe for human and the environment
- Super tensile strength, elongation at break and bacterial filtering properties
- Highly pure and uniform nanofibrillar structure
