- ✓ Variety of Products

In Compliance

OVERVIEW

"We always seek to excel by providing the best quality products and the best possible service to our customers."

Established in Jan 1999, Vinavit Corp are specialized in manufacturing and distributing fastener products including: standard, tight-tolerance, specialized parts for carbon steel & stainless steel bolts and nuts to everything in between. We support customers to find fastener solutions by providing

technical consultancy and products. Besides producing diversified product lines that meet general market's need, we also serve customers who have customized requirements in criteria of product index and quality.

Documents on Request

- PPAP Level 3
- Material Certificate
- 4M Quality Control Plan
- Final Inspection Report
- Statistical Process Control Report
- Certificate of Origin Form D
- Certificate of Production
- Document Traceability up to 3 years

Metal Analyzer

Microscope

Hardness Testing Machine

Screw Punching Torque Tester

Digital Automatic Measurement

Profile Projector

Universal Tensile Tester

Salt Spray Test Chamber

X-ray Plating

Technical Capabilities

- 1300 tons per month
- Stainless steel, Carbon steel
- M3-M16 body diameter (including inch equivalent)
- Length up to 200 mm
- DIN, JIS, ISO, ANSI, special design and made according to drawing (OEM)

Galvanizing

- Trivalent Chromium Zinc (Cr3+) Electroplating
- Hexavalent Chromium Zinc (Cr6+) Electroplating
- Others: Nickel, Copper, Darcomet, Geomet and Ruspert, Hot Deep Galvanized
- Hydrogen Embrittlement Baking

- Salt Spray Test according to ISO B117 & ISO9227
- Up 168 hours salt spray test for Zinc Surfaces Treatment
- Up to 1000 hours other salt spray test for other surface treatment
- Follow REACH & ROHS
