1. ABOUT US

Bao Long Oriental Medicine Limited Company was established in 1993. With a history of more than 30 years of establishment and development, Bao Long is always committed to creating quality, effective products to meet the treatment needs of patients towards the goal of health for all people - health for all homes. Step by step, we affirm our position in the Oriental Medicine industry, both locally and globally, with the motto: *"Bao Long Oriental Medicine: Definitive Disease Treatment"*.

1. ABOUT US

With the goal of top quality and being patient-centered, Bao Long constantly improves and enhances the value of each product. Currently, Bao Long owns a drug factory with eight modern production lines that are certified to meet Good Manufacturing Practice Standard (GMP-WHO), including:

1

Film-coated tablets

2

Hard capsules

3

Hard pills

4

Soft pills

5

Liquid medicine

6

Tea bag filters

7

Medicine for external use

8

Granules products

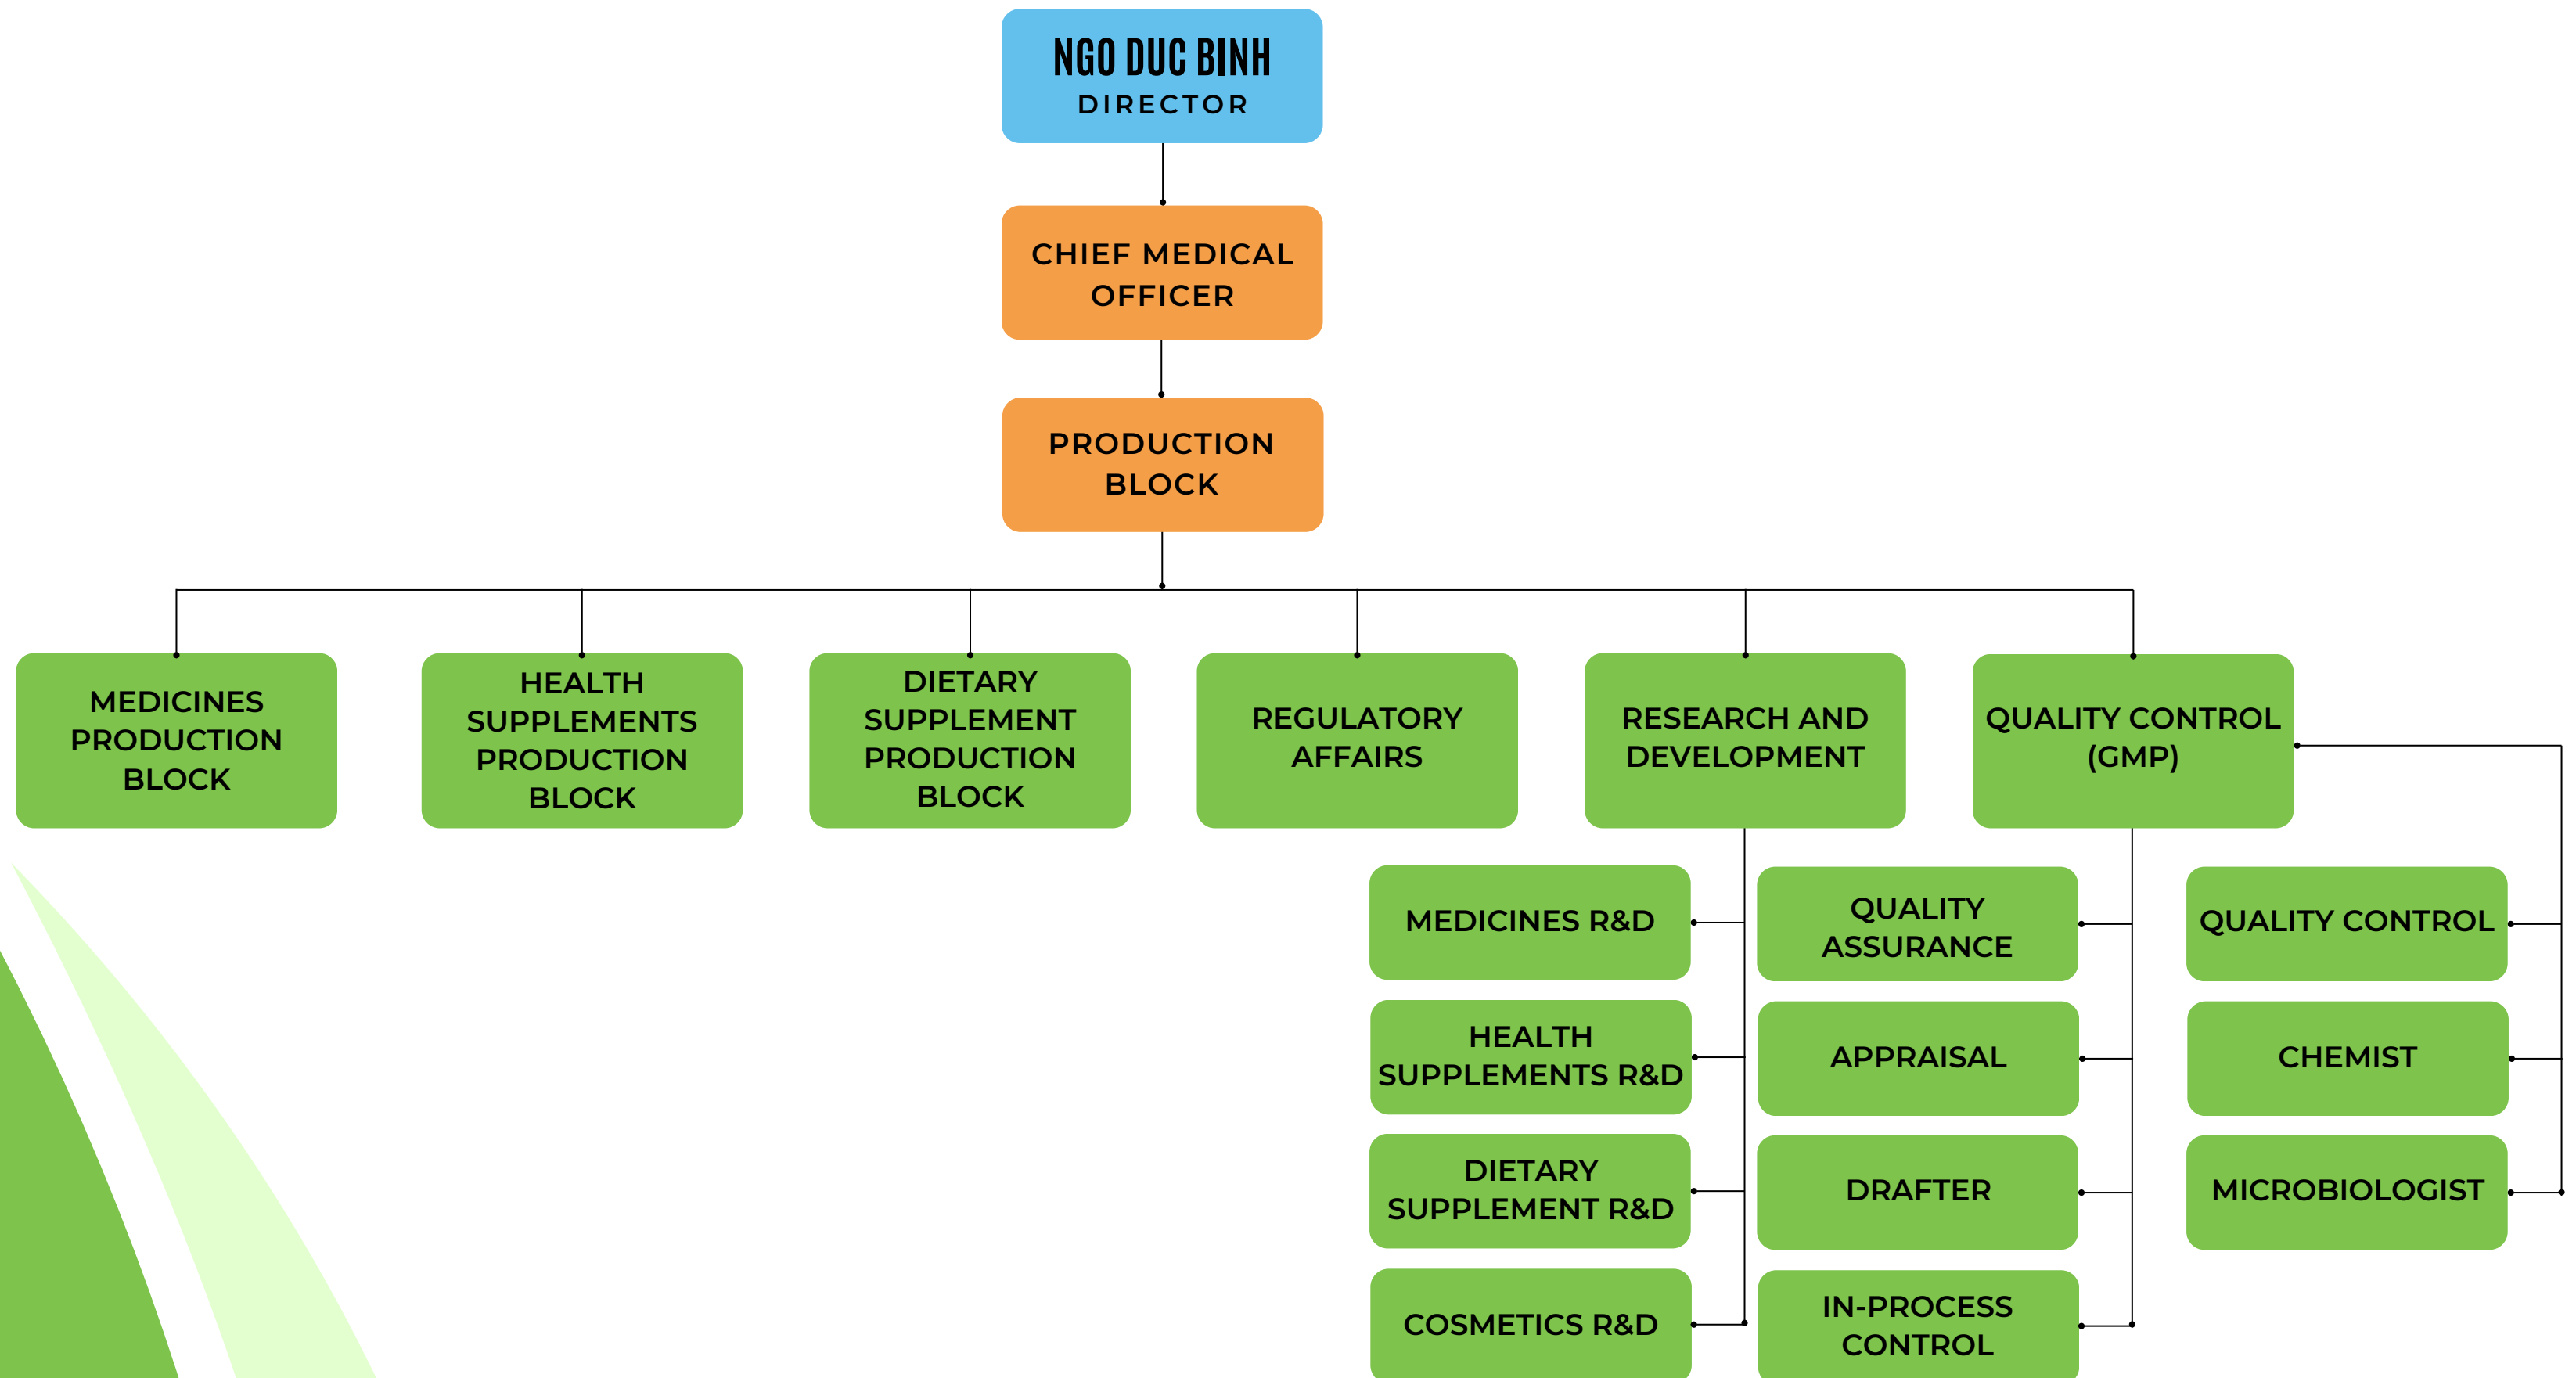

1. ABOUT US

- Besides, Bao Long is also licensed to produce medicinal materials from herbal ingredients and import herbal ingredients for drug production. This creates a variety of different dosage forms suitable for the treatment needs of each patient.
- Our products are indicated in different therapeutic areas: bone and joint, sinusitis, colon inflammation, asthma-bronchitis, hemorrhoids, liver diseases, and health supplements. The brands and products of Bao Long have been granted trademark certificates by the National Intellectual Property Office
- In 2024, Bao Long officially opened the Bao Long Pharmacy chain that meets GDP standards. Up to present, the Bao Long Pharmacy system has been present in all three regions of the North, Central and South bringing the opportunity to use quality products for the whole community.
