

# GLOVTEK

QUALITY FROM  
EACH STITCH

SAFETY INSIDE  
EACH OPERATION

Each precise weave not only provides durability but also ensures maximum safety for workers during all work operations.

# SECURE YOUR JOB GENTLE HANDS

Product code  MP13

## FEATURES

- Excellent abrasion resistance with a nitrile coating.
- Ideal for painting and agricultural work.
- Maintenance of machinery and automobiles.
- Woven from fibers that provide comfort, softness, and excellent breathability.
- Suitable for work involving oil due to its nitrile coating.

## SPECIFICATIONS

### Material

- Finish: Palm coating
- Coating: Nitrile
- Lining material: Cotton, Polyester
- Wrist: Polyethylene fiber

Weaving needle

13

### Size

XS - XXL

### Length

220mm - 260mm

Coating color: Black

Packaging specifications

12 pairs/bag; 1 pair/PE bag

## INDUSTRY APPLICATIONS

Automotive industry

Manufacture

Oil and gas industry

Warehouse management

Aerospace

Different industries

## STANDARD

EN388

4121X

**HOLD YOUR HANDS CLOSE**

**MAXIMUM PROTECTION**

Product code **MP15**

### FEATURES

- Anti-static.
- Enhance hand protection with comfortable 15G gloves.
- Designed for a snug and durable fit, these gloves feature a soft knitted lining that hugs the hand, providing a secure, comfortable, and safe fit for the user.

### SPECIFICATIONS

#### Material

- Finish: Palm coating
- Coating: Nitrile
- Lining material: Nylon, Spandex, Polyester
- Wrist: Polyethylene fiber

#### Weaving needle

15

#### Size

XS - XXL

#### Length

220mm - 260mm

#### Coating color: Black

#### Packaging specifications

12 pairs/bag; 1 pair/PE bag

### INDUSTRY APPLICATIONS

Automotive industry

Manufacture

Oil and gas industry

Warehouse management

Aerospace

Different industries

### STANDARD

EN388

4121X

## REACHING SAFETY MASTER PERFORMANCE

Product code: 4342B AP03

### FEATURES

- Anti-slip, wear-resistant.
- Protect your hands during tasks involving contact with sharp objects.  
Cut and trim.
- Heat resistant, solvent resistant, oil and grease resistant.

### SPECIFICATIONS

#### Material

- Finish: Palm coating
- Coating: PU
- Textile lining: HPPE, Spandex, Polyester
- Wrist: Polyethylene, Spandex

Weaving needle

13

#### Size

XS - XXL

Length / Thickness 220mm - 260mm / 1.1 - 1.2mm

#### Coating color

Grey

Packaging specifications

12 pairs/bag; 1 pair/PE bag

### INDUSTRY APPLICATIONS

Automotive industry

Manufacture of machinery and equipment

Mechanical Engineering

Ceramics

Glass, glassmaking

Handle sharp objects.

### STANDARD

EN388

4342B

### THE POWER OF PROTECTION EXCEEDING EXPECTATIONS

Product code: 4X430AP05

### FEATURES

- Anti-slip, wear-resistant.
- Heat resistant, solvent resistant, oil and grease resistant.
- Protect your hands in environments with sharp objects, and in jobs involving the use of chisels, chisels, and cutting tools.

### SPECIFICATIONS

#### Material

- Finish: Palm coating
- Coating: PU
- Textile lining: Nylon, Spandex, HPPE, fiberglass, polyester
- Wrist: Polyethylene, Spandex

Weaving needle

15

#### Size

XS - XXL

Length / Thickness 220mm - 260mm / 1.1 - 1.2mm

#### Coating color

Grey

Packaging specifications

12 pairs/bag; 1 pair/PE bag

### INDUSTRY APPLICATIONS

Automotive industry

Equipment manufacturing

Mechanical Engineering

Metal fabrication

Ceramics

Glass

Handle sharp objects.

### STANDARD

EN388

4X43C

## STEADY HAND IN ALL TASKS

Product code: 4342B AN03

### FEATURES

- Anti-slip, wear-resistant.
- Protect your hands during challenging tasks.
- Heat resistant, solvent resistant, oil and grease resistant.

### SPECIFICATIONS

#### Material

- Finish: Palm coating
- Coating: Nitrile
- Textile lining: Spandex, HPPE, Polyester
- Wrist: Polyethylene, Spandex

Weaving needle

13

#### Size

XS - XXL

Length / Thickness 220mm - 260mm / 1.1 - 1.2mm

#### Coating color

Black

Packaging specifications

12 pairs/bag; 1 pair/PE bag

### INDUSTRY APPLICATIONS

Automotive industry

Manufacture of machinery and equipment

Mechanical Engineering

Ceramics

Glass, glassmaking

Handle sharp objects.

### STANDARD

EN388

4342B

## DEEP PROTECTION ABSOLUTE SAFETY

Product code: 4X43C AN05

### FEATURES

- Anti-slip, wear-resistant.
- Heat resistant, solvent resistant, oil and grease resistant.
- Protects hands in work environments involving cutting and sharp objects.

### SPECIFICATIONS

#### Material

- Finish: Palm coating
- Coating: Nitrile
- Textile lining: Nylon, Spandex, HPPE, fiberglass, polyester
- Wrist: Polyethylene, Spandex

#### Weaving needle

15

#### Size

XS - XXL

Length / Thickness 220mm - 260mm / 1.1 - 1.2mm

#### Coating color

Black

#### Packaging specifications

12 pairs/bag; 1 pair/PE bag

### INDUSTRY APPLICATIONS

Automotive industry

Equipment manufacturing

Mechanical Engineering

Metal fabrication

Ceramics

Glass

Handle sharp objects.

# GLOVTEK

Glovtek is a line of high-quality protective gloves researched and manufactured by Sotaville, designed to meet the practical needs of industries requiring high precision and safety. The product is made from technical fibers such as HPPE, fiberglass, Spandex, and Polyester, combined with a PU or Nitrile coating, providing superior cut resistance, slip resistance, abrasion resistance, and resistance to oil and solvents.

With diverse designs at various protection levels, Glovtek is suitable for many fields such as mechanical engineering, automotive component manufacturing, metalworking, ceramics and glass, and precision Designing. Glovtek focuses not only on protective features but also on comfort, flexibility, and durability for long-term use – helping workers feel secure, improve efficiency, and optimally protect their hands.
