ABOUT US

About Tan Thanh Dong Group

- ☉ With more than 20 years of experience in carton packaging manufacturing; Our reputation has been well-known by domestic and oversea customers. We continuously invest in technology and equipment to meet increasing demands in quality and design from the market.
- ☉ In 2003, Tan Thanh Dong II Packaging JSC located in Tan Hong Industrial Park, Hoan Son, Tu Liem, Bac Ninh was built with total investment capital of USD 5 millions and area of 35,000 m2 in which construction area makes up 20,000 m2. Modern corrugated machine lines, printing and finishing equipment are 100% imported from Germany, Japan, Taiwan. Factory capacity is 60 mil m2/year.
- ☉ Year 2004 marked the establishment of Nam An JSC as a branch in the South to satisfy the rapid growth from this market. Officially put into operation in 2006, the branch has a network of prestigious customers such as: Vinamilk, Dutch Lady, Unilever, Neptune. Moto of “all for reputation and profits of customers” leads us to invest in in modern machines and equipment besides training management team, skilled workers in accordance with production goal: No poor-quality product is reached to customers.
- ☉ In 2017, L.A Printing Co., Ltd (La Print) was constructed in Duc Hoa III, Duc Hanh 2 Hamlet, Duc Lap Ha Commune, Duc Hoa District, Long An Province and officially operates in 2019 with area of more than 50,000 m2. La Print has asserted its position in the market with modern equipment, professional production management, experienced technical team. La Print supplies high quality products, on-time delivery time, reasonable price to meet different requirements from customers.
The strength that make La Print different is: specialization in each department, high responsibility, careful and serious technical supervision. All is to create perfect products. In addition, the departments regularly exchange information, share difficulties, and create innovation to build La Print more dynamic, creative, and professional.
With target of “Cooperation for mutual success” and orientation of “Continuous improvement”, La Print always make great efforts in both human and material sources to build up trustful brand, customer’s belief via our products.

L.A Printing Co., Ltd (La Print) is a member of Tan Thanh Dong Group. It plays an important role in developing the Southern market.

BOX TYPES

What is a 3-layer carton?

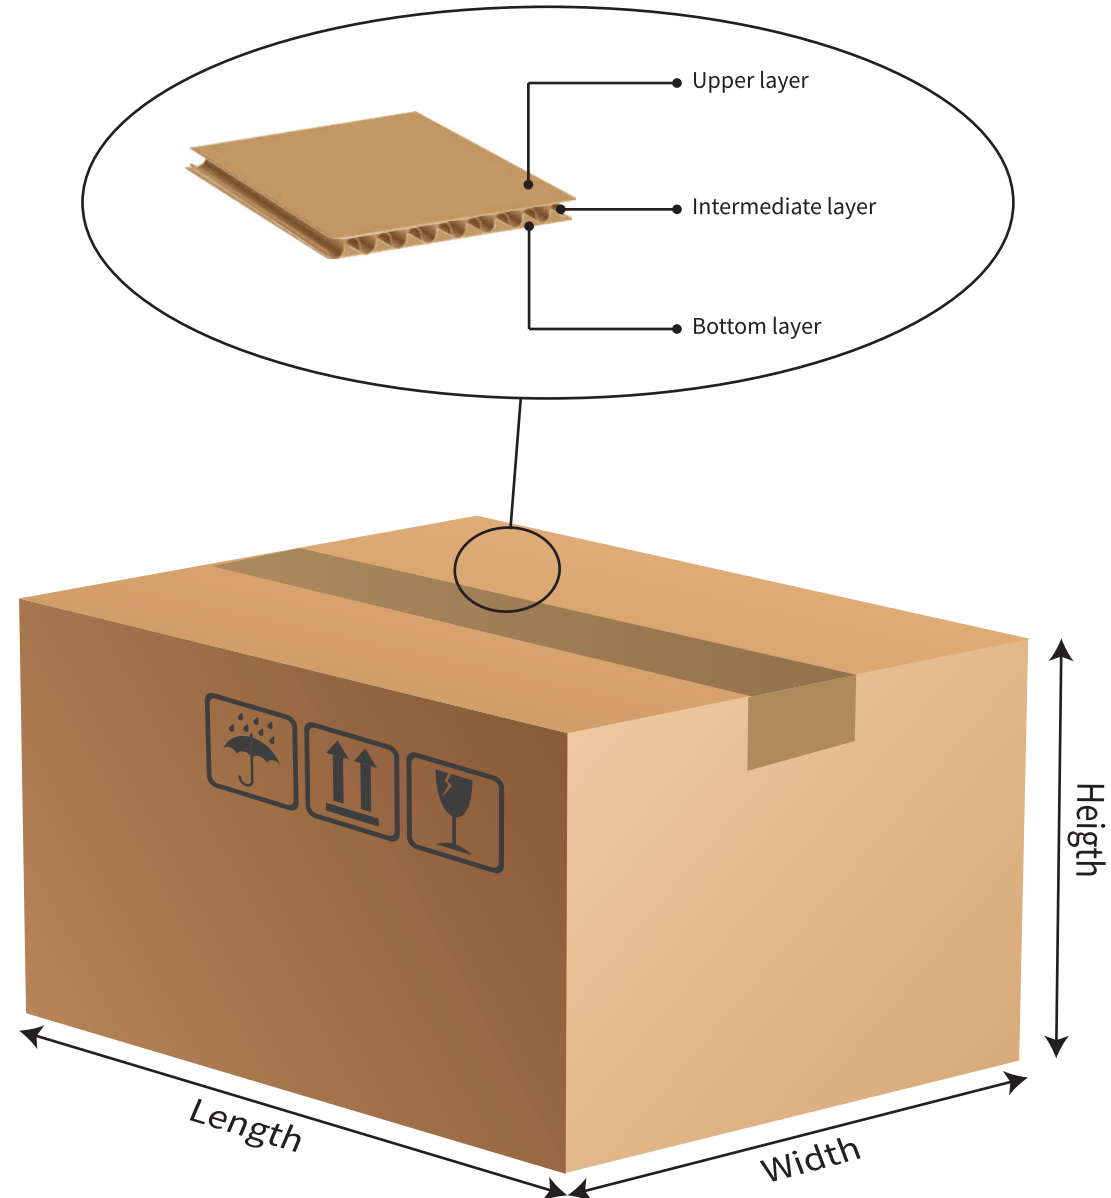

It is a type of carton made from 3 layers of carton paper. Two layers are on the upper and bottom sides. One corrugated layer is the intermediate of SIN shape.

3-layer box has the following structure:

Upper layer: This is the outer layer of the box. To ensure aesthetics, normally this layer is selected in flat, smooth, beautiful paper with bright colors. Furthermore, many companies print names, images, logos, slogans on this layer.

Intermediate layer: This is the corrugated layer between upper and bottom sides. There are normally 4 flute types: A, B, C and E. Depending on using purpose, It is often selected boxes with different corrugated layers.

Bottom layer: It is usually designed a little thicker than others in force support.

BOX TYPES

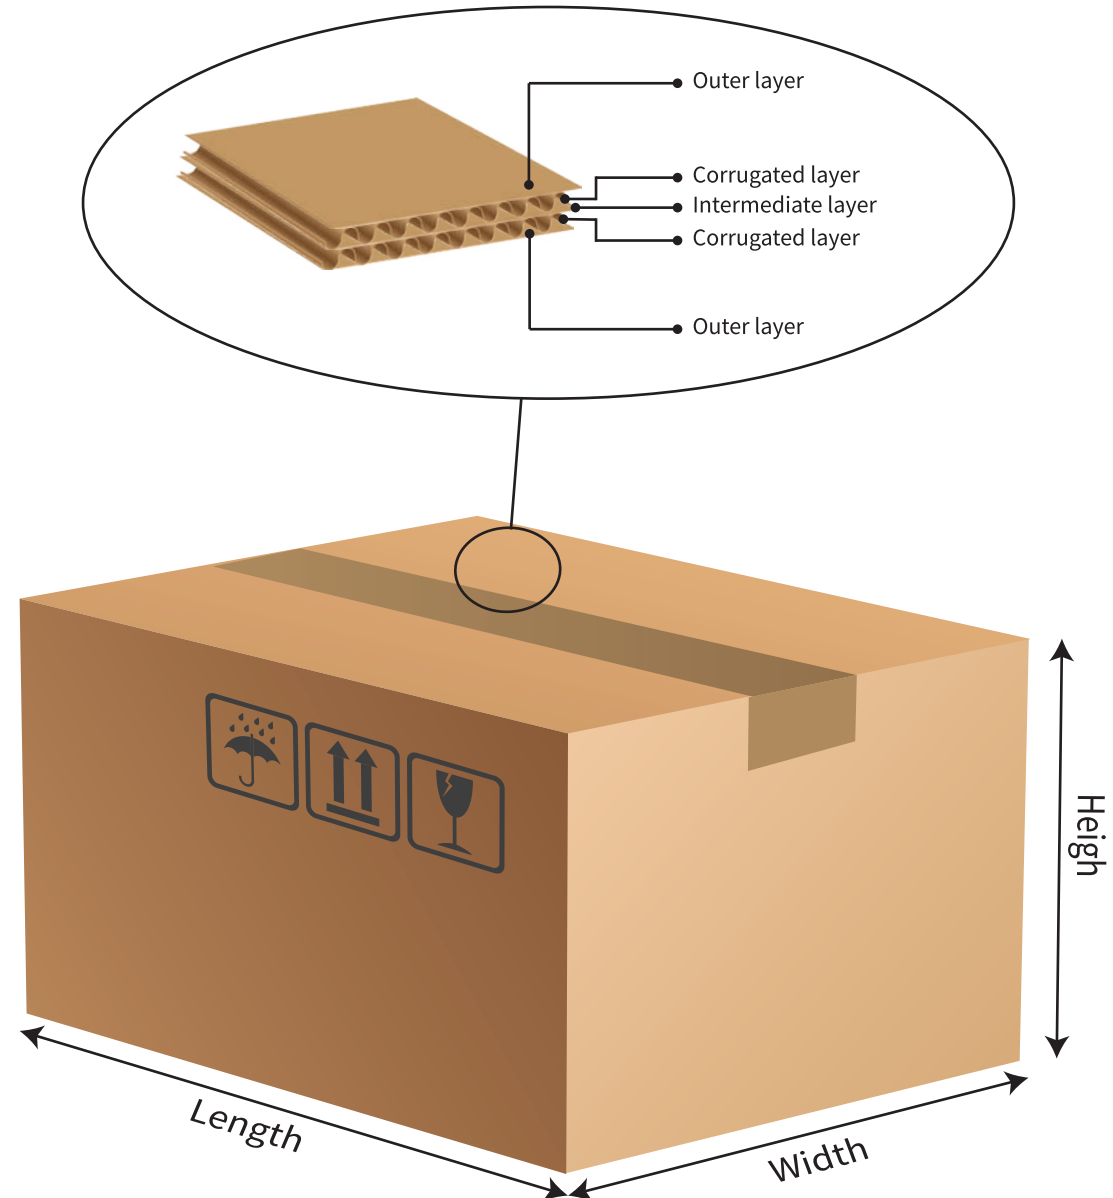

What is a 5-layer carton?

It is made from 5 layers of carton paper. Two layers are outer paper. Two layers are corrugated in SIN shape and one intermediate layer is between of two corrugated ones.

5-layer box has the following structure: Two outer layers: They are the outer layers of the box. To ensure aesthetics, normally this layer is selected in flat, smooth, beautiful paper with bright colors. Furthermore, many companies print names, images, logos, slogans on these layers.

Two corrugated layers: They are two layers of corrugated paper between the upper and bottom sides. There are normally 4 flute types: A, B, C and E. Depending on using purpose, it is often selected boxes with different corrugated layers.

Intermediate layer: This is the intermediate layer between two corrugated ones. It is chosen different paper in thickness.
