No. 17 Street 01, Khang An Residence, Long Truong Ward,
Ho Chi Minh City, Vietnam

COMPANY PROFILE

Lavite Corporation, established in 2016 in Ho Chi Minh City, is a company specializing in the research, manufacturing, and business of functional foods and health supplements, creatively combining Vietnamese herbs and tropical fruits. Hector, our flagship brand, focuses on health supplements primarily made from natural extracts, with Cordyceps mushrooms and various herbs as the main ingredients.

Our products are researched and developed with a commitment to high quality, reasonable pricing, and user convenience. With a factory that meets international standards, we have officially exported our products to demanding markets such as the United States, Japan, and other countries.

We have a team of professionals specializing in Biotechnology, Food Science, Pharmacy, and Traditional Medicine with many years of experience and a passion for creating quality products based on Lavite's core values

"PASSION – INTEGRITY – CULTURE – BUSINESS ETHICS"

Milestones

of the Hector Cordyceps Brand

2016

- Developed the Cordyceps mushroom cultivation process
-

2017

- Developed the signature formula and production process for Hector products
-

2018

- June: For the first time, introduced Hector-branded Cordyceps mushroom products to the market.
 - Top 3 at STARTUP WHEEL and winner of the Best Female Entrepreneur award.
 - Top 15 at STARTUP VIỆT, organized by VNExpress.
 - Top 10 in Innovative Foods in Canada 2018.
 - Top 10 Vietnamese Female Founders in the food and agriculture sector (selected by the Australia-ASEAN Council to participate in the Capacity Building Forum for Women Entrepreneurs in Agrifood Business in Sydney)
-

2022

- 2022, March: The Lavite Binh Thuan factory achieved HS-GMP certification, meeting the Ministry of Health's requirements for Good Manufacturing Practice in health supplements.
 - 2022, April: The factory received FSSC 22000 certification recognized by The Global Food Safety Initiative (GFSI)
-

2023

- Won the 3rd Prize in the Economic Development category at the 3rd Ho Chi Minh City Innovation Awards, organized by the Ho Chi Minh City People's Committee.
-

2025

- January: Hector products produced at the Lavite factory were certified to meet the requirements of the JAKIM Halal certificate program, verified by the Halal Certification Agency of Vietnam (HCA).
- The Lavite factory underwent recertification and maintained HS-GMP and FSSC 22000 standards.

Science & Technology Enterprise

VISION & MISSION

VISION

- Our vision is to become Vietnam's leading brand for holistic health and beauty care powered by natural herbs

MISSION

- Our mission is to deliver the finest Vietnamese herbal products to customers worldwide, offering exceptional quality at fair prices to enrich lives naturally

**PASSION**

We serve with unwavering passion for our mission and vision, staying true through every challenge and success while pursuing both immediate and long-term goals.

**BUSINESS ETHICS**

We embrace the highest ethical standards, consistently striving to earn and maintain the respect of our customers, suppliers, employees, and partners.

**INTEGRITY**

Integrity is the cornerstone of our operations, guiding us to act with fairness, transparency, and respect while fostering strong and enduring relationships.

**CULTURE**

We are committed to safeguarding the health, safety, and well-being of our customers, employees, and the communities where we operate. Our dedication to sustainable growth goes hand in hand with our responsibility to protect the environment.

WORKFORCE

Starting with four founding shareholders, Lavite has grown into a warm and welcoming home to over 100 employees, embracing both office teams and manufacturing plant staff.

QUALITY STANDARDS

CERTIFICATION

ISO 22000

- An international standard for food safety management systems, issued by the International Organization for Standardization (ISO).

FSSC 22000

- A comprehensive food safety system certification based on the ISO 22000 standard, recognized by the Global Food Safety Initiative (GFSI).

GMP

A certification for good manufacturing practices applied to facilities producing health-protective food products.

HACCP

- A system for identifying, evaluating, and controlling potential hazards throughout the production process.

HALAL

- A certification confirming that a product meets the ethical and religious standards of Islam, assessed and issued by a recognized organization.

Lavite Factory

Located in Phan Thiet Industrial Park, Lam Dong Province, just 180 km from Tân Sơn Nhất Airport, our factory is dedicated to producing food and herbal health supplements. We operate specialized areas, including:

- A separate zone for cultivating fresh Cordyceps militaris mushrooms
- A processing area for herbal powders and capsules
- A warehouse for finished products
- A production line for bottled herbal beverages

Our operations comply with HS-GMP standards, as certified by the Ministry of Health, and hold FSSC 22000 certification from the Global Food Safety Certification Association. In addition, all products have received Halal certification under the JAKIM program, verified by the Vietnam Halal Certification Agency (HCA).

CORDYCEPS MILITARIS CULTIVATION AREA

- Our Cordyceps militaris mushrooms are cultivated using scientific research from around the world to produce mycelium with stable levels of active compounds, delivering proven health benefits to consumers. The cultivation area and process uphold HACCP standards, thereby ensuring product safety.
- To maintain consistent quality, the factory cultivates and preserves its own supply of high-grade Cordyceps strains with reliably high bioactive content. The nutritional medium is made entirely of safe, food-grade ingredients, with no chemical growth stimulants. Environmental factors such as temperature, humidity, and lighting are fully controlled using advanced technology, and each batch of mushrooms undergoes testing for safety indicators and active compound levels before entering production.

PRODUCTION LINES & CAPACITY

- Fresh fruiting-body *Cordyceps militaris* mushrooms
- Freeze-dried *Cordyceps militaris* mushrooms
- *Cordyceps militaris* mushroom powder
- Liquid sachet products: 500,000 sachets/month
- Powder-form capsules – 60,000 bottles (30 capsules each)/month.
- Fruit juice and herbal drinks: 120,000 boxes (10 bottles each)/month

- Hector Ginseng made with Cordyceps, Codonopsis & Ming Aralia
- Cordyceps militaris drink Hector Lite
- Hector made with Cordyceps & Collagen
- Cordyceps militaris drink Hector Collagen Plus
- Hector White Skin Lighten Drink
- Hector Basic Cordyceps militaris drink
- Hector Herbal Drink
- Hector Freeze-dried Cordyceps Mushroom
- Hector Cordyceps Mushroom Capsules
- Hector Cordyceps Honey

HECTOR GINSENG

HECTOR GINSENG MADE WITH CORDYCEPS, CODONOPSIS & MING ARALIA
HELPS STRENGTHEN THE IMMUNE SYSTEM AND IMPROVE OVERALL HEALTH.

CORDYCEPS MILITARIS

- Strengthens immunity and enhances the body's immune response
- Supports sexual health and the functions of the liver, kidneys, lungs, and heart
- Helps stabilize blood sugar levels and regulate blood pressure
- Boosts energy and improves physical endurance

CODONOPSIS

- Stimulates blood production and enhances mental focus
- Improves nutrient absorption, regulates blood pressure, and increases insulin sensitivity
- Strengthens immunity, reduces inflammation, and supports diuresis and lactation

MING ARALIA

- Enhances stamina, reduces fatigue and stress, and supports memory function
- Nourishes the body and boosts immune function
- Promotes liver health, joint support, diuresis, and lactation

MORINGA OLEIFERA

- Provides antioxidant support and helps regulate blood sugar, blood pressure, and blood lipid levels
- Supports liver function and joint health
- Helps prevent anemia and relieve constipation
- Offers antibacterial properties and supports diuresis and lactation

RECOMMENDED FOR

- People working under high pressure such as entrepreneurs, managers, project leaders, and frequent business travelers.
- Seniors and individuals with weakened immune systems seeking to strengthen their natural defenses.
- Those recovering from illness in need of nutritional reinforcement.
- People who regularly consume alcohol.
- Athletes and physically active individuals.
- Suitable for all genders, age groups, and health conditions

Hector Ginseng made with Cordyceps, Codonopsis & Ming Aralia

HECTOR GINSENG

HELPS STRENGTHEN THE
IMMUNE SYSTEM

HELPS IMPROVE OVERALL HEALTH.

KEY BENEFITS

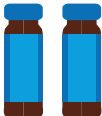

- Enhances overall health and strengthens the immune system, supporting the body's natural defenses against serious conditions such as cardiovascular, liver, kidney, and certain chronic diseases.
- Effectively alleviates hangovers, promotes liver detoxification, and supports optimal lung function.
- Naturally stimulates hormonal balance—boosting testosterone in men and estrogen in women—to support vitality and intimacy.
- Aids postpartum recovery and encourages healthy lactation for new mothers.
- Improves energy levels, stamina, and resilience for athletes, professionals, and individuals under physical or mental stress.
- Supports reproductive health and may enhance fertility in couples trying to conceive. Note: For fertility support, Hector Ginseng is recommended for men only and not advised for women.

Esteemed Partners & Brand Advocates

- Lavite is trusted by a remarkable circle of well-known figures, including actress Kim Tuyen, actors Ngoc Lan and Nhan Phuc Vinh, singer Hong Ngoc, football players Minh Phuong and Vu Phong, Miss Vietnam Thu Thuy, and entrepreneur Shark Truong Ly Hoang Phi. They have expressed genuine appreciation for the quality, effectiveness, and care embodied in every Lavite product — from enhancing daily wellness to supporting recovery and vitality. Their trust and endorsement are a testament to our commitment to delivering authentic health benefits to those who seek the best.

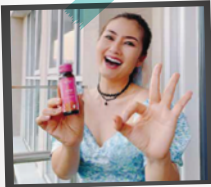

Lavite actively invests in dynamic media and marketing initiatives to connect with customers and empower our sales network

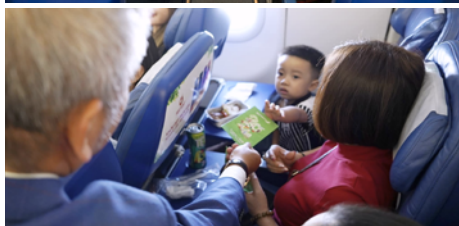

- Our presence extends from news features and in-depth television reports to engaging social media campaigns that share meaningful content with a wide audience.

We regularly host workshops that not only provide in-depth product training

- But also equip our retail partners with valuable soft skills to enhance their business success. Beyond training, our events foster strong relationships with agents and distributors — from intimate gatherings that share the latest updates, to large-scale annual meetings that celebrate achievements, honor outstanding partners, and strengthen team spirit through team-building activities.
- These efforts reflect our commitment to building a community of inspired, knowledgeable, and dedicated partners who grow alongside the Lavite brand.

Supporting Healthcare Heroes During the Covid-19 Pandemic

- Throughout the challenging waves of Covid-19, Lavite stood side by side with frontline medical teams across Vietnam. Thousands of bottles of Hector Cordyceps Ginseng drink were donated to doctors and nurses in Da Nang, Hai Duong, Hanoi, Ha Nam, Ho Chi Minh City, and the Tan Son Nhat military zone — boosting their health and resilience as they tirelessly fought to protect our communities.

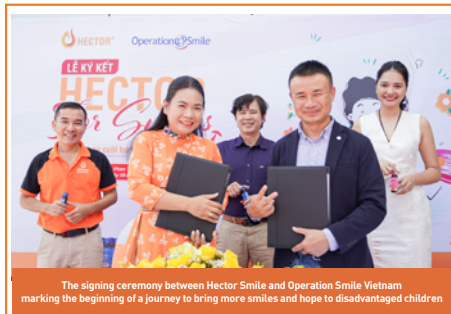

Standing with National Efforts

- When the Ministry of Public Security set the ambitious goal of issuing 50 million chip-based citizen ID cards before July 1, 2021, police officers nationwide worked day and night to achieve it. Recognizing the profound significance of this project - a cornerstone in building an e-government and driving socio-economic growth -Lavite was proud to contribute our support to those who served the nation with unwavering dedication.

Empowering the Next Generation

Every year, Lavite awards scholarships to underprivileged students with outstanding academic spirit, helping them pursue their dreams and shape a brighter future.

Commitment to Community and Children

Lavite is devoted to bringing care and opportunity to children in need. We support orphans through SOS Children's Villages and the Tony Bui Sang Orphan Care Fund, providing not only essential resources but also encouragement for a brighter future.

In partnership with the Vu A Dinh Scholarship Fund and the "Vi Hoang Sa – Truong Sa" Club, we extend educational and living support to students from ethnic minorities and Vietnam's coastal and island communities — empowering them to learn, grow, and thrive.
