Vietnamese Coffee

Vietnamese Robusta — green, roasted, drip & instant

SHI International Trading Co., Ltd.

Bac Ninh, Vietnam | shiglobal.vn

About us

Vietnamese coffee, to your specification.

SHI is a trading company based in Bac Ninh, northern Vietnam. Working with partner plants and warehouses in the Central Highlands, we deliver coffee — from green beans to finished retail products — built to each buyer's specification.

Our commitments

Four commitments from SHI

SHi
RELIABILITY CREATES SUCCESS

Direct line to the decision-maker

You deal with our director personally, from first inquiry to shipment — in English or Japanese.

Direct links to origin

We source from partner plants and warehouses in the Central Highlands to match your use and budget.

Lot inspection before shipment

Every lot is inspected to AQL standards and reported to you with photos before loading.

Documents for preferential duty

Certificates of origin under Vietnam's trade agreements (e.g. VKFTA, EVFTA, CPTPP, VJEPA) to lower your import duty.

Origin

Bold Robusta from the highlands.

Our beans are grown in Lam Dong and Dak Lak in Vietnam's Central Highlands. Their full body and bitterness make them ideal as a blend base, for espresso, iced coffee and milk drinks.

No. 1

Robusta producer and exporter

No. 2

Coffee exporter worldwide

Source: Ministry of Agriculture and Environment of Vietnam (2026)

On site

We check every lot with our own eyes.

SHI staff visit our partner warehouses and check the green beans of each lot by hand.

Warehouse before shipment

A lot of Robusta green beans

The range
